Objects and Reasons for Proposed Differential Rate Categories for the 2018/2019 Financial Year

In accordance with Sections 6.33 & 6.36 of the Local Government Act 1995 and the Council's intention to continue levying differential rates for the 2018/2019 Financial Year, the City is required to publish its Objects and Reasons for implementing the differential rates categories.

Overall Objective:

The overall objective of the Rates and Charges in the 2018/2019 budget is to provide for the shortfall in income required to enable the City of Kalamunda to provide the necessary works and services in the 2018/2019 Financial Year after taking into account all non-rate sources of income. The proposed differential rates reflect a 2.15% increase in overall rates revenue, with a portion of this increase being derived from growth with new properties being developed and established within the City. This increase is the lowest possible amount while still ensuring the City maintains sound financial management practices.

A minimum rate is applied to all differential rating categories within the City of Kalamunda. The setting of the minimum rate is in recognition that every property within the City receives some minimum level of benefit from services provided. By adopting a minimum rate, Council take this benefit into consideration. Differences in minimum rates between the differential categories is due to the same factors as explained in each differential category below.

Differential Rates:

Differential rates are split into two distinct groupings based on the methods used by the Valuer Generals Office to determine the value provided to the City. These two groupings are Gross Rental Value (GRV) which is used on urban properties and Unimproved Value (UV) which is predominantly used on rural properties. More information on the different valuation methods can be found on the Valuer Generals website at www.landgate.wa.gov.au

GRV Differential Rates:

The valuations provided to the City for GRV properties are reviewed on a Tri-annual basis by Landgate, with the last revaluation being effective 01 July 2017. GRV values are reflective of the estimated rental yield per year of the property. Further information about the exact method of calculation and any objections to valuations will need to be directed to the Valuer Generals Office at Landgate.

GRV General

The GRV General rate applies to all GRV valued properties in the City with a predominant land use that does not fall within the categories of Commercial, Industrial or Vacant Land.

The City of Kalamunda's General rate is historically lower than many of our immediate neighbours and a number of other metropolitan Local Governments. The GRV General rate is the lowest of the City's GRV differentials and this rate serves as a benchmark differential rate by which all other GRV rated properties are assessed. The proposed rate in the dollar for this category is 0.05931 with a minimum rate of \$884.00 and will apply to approximately 21,320 or 93.5% of the City's rateable properties.

GRV Industrial/Commercial

The Industrial and Commercial GRV rate is levied on GRV valued properties where the predominant use of the land is for either Industrial or Commercial purposes.

The City recognises that Industrial and Commercial properties have a greater impact on the infrastructure and environment within the City in comparison to properties that fall within the GRV General category. The object of this differential category is to apply a differential rate to Industrial and Commercial properties in the City in order to raise additional revenue (when compared to GRV General properties) to offset the costs associated with increased maintenance and renewal of assets and infrastructure required. By applying a higher rate in the dollar to this category, Council takes these associated increased costs into consideration.

The proposed rate in the dollar for this category is 0.06688 with a minimum rate of \$1,104.00 and will apply to approximately 604 or 2.6% of the City's rateable properties.

GRV Vacant

The GRV Vacant rate is levied on all GRV valued land in the City where the property is considered vacant land.

The City of Kalamunda has implemented the GRV Vacant differential to promote the development of land within the City and to provide a disincentive to owners for land banking.

This differential category reflects the disincentive to owners who are not actively developing their vacant land in order for the City to maximise the per capita use of infrastructure and avoid dead spaces around the City. The proposed rate in the dollar for this category is 0.08393 with a minimum rate of \$767.00 and will apply to approximately 589 or 2.6% of the City's rateable properties. The lower minimum rate for this category reflects the reduced minimum services required for an unoccupied parcel of land.

UV Differential Rates:

The valuations provided to the City for UV properties are reviewed on an annual basis by Landgate. UV Values are reflective of the estimated market value of the land assuming no improvements have been made (Houses, Sheds, Fencing etc) as determined by the Valuer General. Further information about the exact method of calculation and any objections to valuations will need to be directed to the Valuer Generals Office at Landgate.

UV General

The UV General rate applies to all UV valued properties in the City with a predominant land use that does not fall within the categories of Commercial or Industrial.

This is the lowest of the City's UV differentials and this rate serves as a benchmark differential rate by which all other UV rated properties are assessed. The proposed rate in the dollar for this category is 0.00339 with a minimum rate of \$884.00 and will apply to approximately 231 or 1% of the City's rateable properties. The minimum rate is reflective of the GRV General minimum in recognition of the comparable services received by all similar properties within the City.

UV Commercial

The UV Commercial rate is levied on UV valued properties where the predominant use of the land is for either Industrial or Commercial purposes.

As with the GRV Industrial/Commercial rate in the dollar, the UV Commercial differential rate is set higher than the UV General base in reflection of the increased costs to the City for infrastructure maintenance and renewal as well as monitoring land use and environmental impacts.

The proposed rate in the dollar for this category is 0.00400 with a minimum rate of \$1,104.00 and will apply to approximately 62 or 0.3% of the City's rateable properties. The minimum rate is reflective of the GRV Industrial/Commercial minimum in recognition of the comparable services received by all similar properties within the City.

Other Rates Charges:

Waste Avoidance and Resource Recovery Levy (WARR Levy)

The WARR Levy was first adopted by Council for the 2013/2014 Financial Year. The levy has been adopted to address the long term remediation issued being experienced at closed landfill and other contaminated sites within the City.

The Department of Environment Regulation is applying stringent controls over monitoring and rehabilitation practices required at these sites, and the City is experiencing significant costs each year to deal with the issue. In accordance with the Waste and Resources Recovery Act 2007, the City proposes to maintain a levy of 0.000418 on each property within the City to be calculated on the GRV value. This levy will raise approximately \$507,274 in the 2018/2019 Financial Year with funds restricted to being used for remedial works on identified contaminated sites.

The minimum rate set for the WARR levy is \$20 on each property.

Walliston Transfer Station Cars, trailers and utes only – NO commercial vehicles* or commercial waste

Mr A & Mrs B Resident 123 City Street KALAMUNDA WA 6076

EXPIRY - 31 AUGUST 2019

This pass allows unlimited entries to dispose of certain recyclable materials and green waste, plus **four (4)** entries to dispose of general waste, including building rubble. No asbestos waste, putrescible waste, gas bottles, liquids, hazardous waste (With the exception of batteries, compact fluorescent lamps and motor oil) or fibrous cement is allowed. Information is available on the City's website: www.kalamunda.wa.gov.au, or in your Waste and Recycling Guide.

Residents do not pay fees for non-commercial use of the Walliston Transfer Station.

- To gain free access, you will need to bring your pass along with Proof of Residency (i.e. Drivers Licence)
- * We charge commercial fees for any of the following situations:
- Commercial / trade waste
- Your vehicle or trailer is commercially signed or badged (you may apply for a permit)
- Your waste is from a work site
- You are transporting waste for a fee or reward

RESIDENT ENTRY PASS

ID with photo & residential address details will be required as proof of residency to gain entry

WALLISTON TRANSFER STATION OPENING HOURS:

Thursday 8:00am – 3:30pm Friday 8:00am – 2:30pm Saturday & Sunday 8:00am – 3:30pm Closed ALL Public Holidays & Total Fire Ban Days

GENERAL WASTE ENTRIES

SAMPLE

Reverse

This Pass allows City of Kalamunda Residents

- Four (4) entries for disposal of general waste at the Walliston Transfer Station
- Unlimited free disposal of green waste
- Unlimited free disposal of certain recyclables separated into different areas or bins at the Walliston Transfer Station

Original Pass needs to be presented before entry (Photocopies are NOT accepted)

IDENTIFICATION (ID) WHICH MUST HAVE PHOTO AND RESIDENTIAL ADDRESS DETAILS WILL BE REQUIRED AS PROOF OF RESIDENCY TO GAIN ENTRY.

PLEASE NOTE:

- · You must follow the Attendants' instructions
- Only waste and recyclables from your City of Kalamunda residential address will be accepted
- Unauthorised use of this Pass will result in confiscation

City of Kalamunda Residents who use their 4 General Waste Passes will be required to pay an entry fee of \$50 for each additional entry

NOTE:

EFTPOS ONLY

NO CASH

FACILITIES ON-SITE

Terms And Conditions

I understand that the permit is only valid for myself to dispose of my general waste and I understand that the permit is not valid for anybody else's waste or any type of commercial / trade waste.

The City of Kalamunda monitors site usage and reserves the right to make further enquiries of the owner of the vehicle and at the premises from which the waste originated.

Waste needs to be carried safely and vehicles bringing waste to the site should at all times comply with the *Road Traffic Act (1974)*.

Permit applications are limited to one per household with up to two vehicles registered. Residents using a permit are required to also bring their Residential Entry Pass and show their valid Driver's Licence with photo.

Declaration

I understand that the City of Kalamunda can revoke this permit at any time.

I confirm that the waste I wish to dispose is general waste arising from my own home and for which I have not received payment. I understand that any abuse of a permit will lead to it being withdrawn.

Further information is available from:

www.kalamunda.wa.gov.au/waste-permit or phone (08) 9257 9999

Residents

City of Kalamunda Residents do not pay fees for non-commercial use of the Walliston Transfer Station. To gain free access, you will need to bring your resident entry pass along with Proof of Residency (i.e. Drivers Licence).

However we charge commercial fees for any of the following situations:

- Commercial/trade waste
- Your vehicle or trailer is commercially signed or badged (unless you have a valid permit)
- Your waste is from a work site
- You are transporting waste for a fee or reward

If you have obtained a permit for a commercially signed or badged vehicle, the City of Kalamunda reserves the right to charge a commercial fee if it is deemed that the waste brought to the site is of a commercial and not a household nature.

Permit Informitation 29 May 2018 Attachments

THE WALLISTON TRANSFER STATION IS FOR HOUSEHOLD WASTE ONLY. THE DISPOSAL OF COMMERCIAL WASTE INCURS A WASTE DISPOSAL CHARGE.

This permit scheme applies to City of Kalamunda residents who use:

- Vans
- Trucks
- Branded or sign-written vehicles and/or trailers
- Trailers over 7ft x 5ft (2.1m x 1.5m)

Please see the table on the next page for further details.

Permits are not available for those living outside of the City of Kalamunda.

The permit system addresses a range of issues, including the illegal disposal of commercial waste and improved health and safety.

One permit is available for FREE each year for residents disposing of household waste from their home with their pass.

To apply for permits as a new user or to renew your existing permits, please complete the application form.

Please note:

- Permits do not have an expiry date. You can continue to use them provided all information on the permit is correct
- If you have changed your vehicle, please complete the application form. Updated permits will be posted out to you

Simply complete, sign and return the application form

GREEN WASTE

You are still required to hand in a permit and your pass if you are bringing in green waste only to the site e.g. branches, lawn clipping it are sin a commercial vehicle or trailer
