Reason for Confidentiality: Local Government Act 1995 (WA) Section 5.23 (2) (f) - "a matter that if disclosed, could be reasonably expected to - (i) impair the effectiveness of any lawful method or procedure for preventing, detecting, investigating or dealing with any contravention or possible contravention of the law; (ii) endanger the security of the local government's property; or (iii) prejudice the maintenance or enforcement of a lawful measure for protecting public safety".

EXECUTIVE SUMMARY

1. The purpose of this report is to provide Council with the findings and recommendations arising from the recently completed Internal Audit Reviews.
2. The Internal Audit was completed in accordance with the provisions of the *Local Government Act 1995*, associated regulations and *Australian Accounting Standards*. The Internal Audit has identified a number of improvement opportunities which the City of Kalamunda (the City) is committed to implementing.
3. It is recommended that Council receives the Internal Audit Report.

BACKGROUND

4. The Internal Audit program is delivered in line with the City's three-year Strategic Audit Plan (the Plan) which contains a mix of compliance, financial and performance / operational audits. During the inaugural year of the Plan, a total of nine engagements were completed.

5. The Internal Audit Program is focused on assisting the Audit and Risk Committee, Chief Executive Officer (CEO) and Executive to achieve objectives, improve business performance and manage risk through:
 - a) providing an independent assessment of risks, controls, and processes across the City;
 - b) promoting mechanisms that encourage a culture which is conscious of risk, control, and process; and
 - c) assisting and supporting the City in its drive for process improvement and achievement of its objectives.
6. The completed internal audit reviews did not identify any material control weaknesses.
7. The Internal Audit Reviews undertaken during the past quarter have been focused on:
 - a) Development Contribution Plans;
 - b) Management of Waste;
 - c) Management of Grants;
 - d) Management of Licences.
8. **Development Contribution Plans**

The objective of the Internal Audit was to assess the effectiveness of the processes and controls (governance) within the City to manage DCP's. The scope of the Internal Audit focuses on Forrestfield Industrial Area Stage 1 and includes the following in respect of that project:

 - a) the development of the DCP and Capital Expenditure Plan (CEP) and the process followed in accordance with State Planning Policy 3.6 and the Town Planning Scheme focussing on the governance and administration aspects;
 - b) approval of the DCP;
 - c) calculating contribution payment rates including assumptions;
 - d) the system used for administering/monitoring existing plans and status of the DCP;
 - e) monitoring/administration of payment plans, cost contribution requests, and receipt of funds and securities; and
 - f) ensuring allocation of funds to appropriate areas of spending in line with the CEP and reconciliations of the DCP.
9. **Management of Waste**

The objective of this review was to assess the City's processes and controls in place to manage waste services on garbage, recycling, garden waste, and kerbside collections.
10. The scope of the internal audit included:
 - a) contract management, focusing on reconciliations of:
 - b) charges for waste management with contract; and
 - c) match bins to the rating/GIS system.

- d) Review of the skip bin process controls and reconcile contractor invoices against physical deliveries.
- e) review the collection of waste process, and ascertain:
- f) if the contractor is collecting too often, not enough or not collecting at all;
- g) if the contractor is collecting the correct type of waste;
- h) the number of services billed by the contractor compared with the number of services charged to ratepayers; and
- i) what process the contractor follows in respect of special waste e.g. problem waste, e-waste, asbestos.
- j) transporting of waste, and in specific:
- k) the frequency of waste transport by the contractor; and
- l) does the contractor use an approved vehicle to transport waste?
- m) tipping and processing of waste, and in specific:
- n) the type of waste being dumped;
- o) does the contractor use an approved vehicle to transport waste to the tipping area?
- p) the use of landfill sites;
- q) reviewing the tipping cost;
- r) reviewing the processing of waste, diversion rates, and targets; and
- s) reconcile the amount of waste dumped against the amount invoiced by the contractor to the City.
- t) revenue management and stock handling practices at the Transfer Station over the period 1 January 2018 to 31 August 2018.
- u) review the City's monitoring and reporting process.

11. **Management of Grants**

The objective of this review was to assess the effectiveness of the controls and procedures in place pertaining to the management of grants. The scope of the internal audit included:

- a) policies and procedures pertaining to grants;
- b) application processes pertaining to grants and the management of approved grants;
- c) performance management processes of grants;
- d) financial reporting of grant funds; and
- e) the acquittal of grants.
- f) the scope was limited to a high-level review of the following grants provided to the City:
- g) roads-to-Recovery (R2R);
- h) state Emergency Services (SES); and
- i) bushfire Brigade (BFB).

12. **Management of Licences**

The objective of this review was to assess the effectiveness of the controls over the management of licenses, including obtaining an understanding of the type of licenses held by the City. The scope of the Internal Audit was conducted primarily by applying discussion, observation and review techniques, focussing on:

- a) a list or register of licences held by the City;
- b) system(s) used for the registration and recording of licenses;
- c) registration of licenses;

- d) process for recording and renewal of licenses; and
- e) roles and responsibilities of the City employees involved in the license process including their relevant delegation of authority in respect of licences.
- f) the review was limited to the following categories, and did not include a review of compliance with the conditions specified within the licence:
- g) IT software licences; and
- h) depot (Fuel storage licence, Boreholes (water licences) and Telecommunication Towers).

Attachments	1. Risk Profile [9.1.2.1]
	2. City of Kalamunda Strategic Risk Register [9.1.2.2]

1. The purpose of this report is to provide Council with an update of the City of Kalamunda's (City) Risk Profile consisting of the top ten reported risks at 31 January 2019 (Attachment 1).
2. The City's Risk Profile has been prepared in accordance with the adopted Integrated Risk Management Plan (Plan). The Risk Profile outlines the top 10 ranked risks facing the organisation.
3. The Risk Profile was developed following a review of the City's Strategic Risk Register by the Administration and was presented to Council at the February Strategic Retreat on 11 and 12 February 2018 and considered at the March 2018, July 2018 and October 2018 Audit and Risk Committee meetings. The risk rating has been recently reviewed by the Administration.
4. It is recommended Council endorse the Risk Profile and note the Strategic Risk Register (Attachment 2).

BACKGROUND

5. Risk management is a core component of corporate governance and an integral part of contemporary management practices. The Risk Profile has been adopted in accordance with the Integrated Risk Management Plan and is structured around *AS/NZS/ISO 31000:2009* and the requirements under the *Local Government (Audit) Regulations 1996*.
6. The management of risk is focused on:
 - a) maintaining high levels of integrity for services provided by the City;
 - b) protecting the City's physical, and non-physical assets including employees, elected members, financial and property;
 - c) achieving and maintaining legislative and regulatory compliance, including codes of conduct and professional standards;
 - d) creating an environment where all employees assume responsibility for the proactive management of risk; and

- e) demonstrating transparent and responsible risk management processes aligned to accepted best practice so as to address uncertainty and to deliver continuous improvement.
7. The Risk Profile captures those risks that are likely to:
- a) adversely impact the City's capacity to deliver current and future services;
 - b) have an organisational wide focus or impact;
 - c) have an adverse financial impact; and
 - d) result in significant reputational or political damage.

DETAILS

8. Risk management refers to the coordination of activities that direct and control the organisation with regard to risk. It is acknowledged that risk management involves both the management of potentially adverse impacts together with the realisation of opportunities. Risk management is a focal element of the City's strategy to promote accountability through good governance and robust business practices, contributing to maintaining a sustainable organisation focused on the effective management of resources and operations.
9. In recognising that risk management is integral to good business practices, Enterprise Risk Management is comprised of the following elements:
- a) the City of Kalamunda's Risk Management Framework;
 - b) Risk Management Policy and Management Procedures;
 - c) Senior Management Team commitment to leading and championing risk management practices and thinking;
 - d) management systems to establish and report on the profile and treatment of risks; and
 - e) broad based training and awareness raising to enhance risk management understanding.
10. The City's Risk Management Framework is based on 11 best practice principles contained in the (AS/NZS ISO 31000:2009). These principles are:
- a) creating and protecting value – contributing to the achievement of the City's objectives and improving performance;
 - b) an integral part of the organisational processes;
 - c) a key element of decision making;
 - d) explicitly addressing uncertainty;
 - e) systemic, structural and timely;
 - f) founded on the best available information;
 - g) tailored with the internal and external operating environments;
 - h) human and cultural factors – recognising that people capabilities and perceptions can aid or hinder the achievement of objectives;

- i) transparent and inclusive;
 - j) dynamic, interactive and responsive to change; and
 - k) focused on continual improvement.
11. The City's Administration recently undertook a workshop to review and update the Strategic Risk Register. From the workshop the Risk Profile was reviewed based on the top ten strategic risks likely to impact the City's ability to achieve its strategic objectives. Following endorsement by Council, the Administration will adopt the revised risk ratings in the ongoing assessment and reporting of risks.
12. The City's Strategic Risk Register has been developed so as to:
- a) identify any new risk events;
 - b) highlight risk trends between the current and previous years; and
 - c) identify priority treatment actions planned for the next 12 months.
13. It is to be noted that a separate report is to be considered regarding a proposed recalibration of the Risk Management Framework, Risk Matrix and Strategic Risk Register. If this separate report's recommendations are adopted, this will result in slight changes to the risk descriptions within the Strategic Risk Register and adjustment to risk weightings.

STATUTORY AND LEGAL CONSIDERATIONS

14. *Local Government (Audit) Regulations 1996 (WA) Amendment.*

Amendments to the *Local Government (Audit) Regulations 1996* came into effect on 8 February 2013. Specifically, Regulation 17 which states:

"17. CEO to review certain systems and procedures

(1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to –

- (a) risk management; and*
- (b) internal control; and*
- (c) legislative compliance*

(2) The review may relate to any or all of the matters referred to in sub regulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review at least once every 2 calendar years.

(3) The CEO is to report to the audit committee the results of that review."

In addition to the requirement for the CEO to prepare a report as outlined in Regulation 17, the Regulations also stipulate an additional responsibility for the Audit Committee as detailed in Regulation 16(c) which states the Audit Committee:

"(c) is to review a report given to it by the CEO under regulation 17(3) (the CEO's report) and is to –

- (i) report to the council the results of that review; and*
- (ii) give a copy of the CEO's report to the council."*

POLICY CONSIDERATIONS

- 15. The City's Risk Profile has been developed in accordance with the Integrated Risk Management Plan and the City's Risk Management Policy (C-HR06).

Possible	Moderate	Medium
Action/Strategy		
a) Ensure the City has an enterprise risk management system in place that complies with Australian standards.		
b) Undertake a review of the City’s Risk Profile by the Administration and Council on a quarterly basis.		

OFFICER COMMENT

25. Risk management is a core element of corporate governance and an integral component of contemporary management practices. The Risk Management Plan is structured around *AS/NZS/ISO 31000:2009* and the requirements under the *Local Government (Audit) Regulations 1996*.
26. The effective management of risk enables the City to promote accountability through good governance and robust business practices, contributing to maintaining a suitable organisation focused on the effective management of resources and operations.
27. The Risk Profile was reviewed by the Administration before being presented to Council at the 2018 Strategic Retreat. The Risk Profile has been through additional reviews by the City’s Administration.

28. The Risk rating matrix has been revised to enable the City to manage risk at the most appropriate levels within the organisation. Essentially, the revised matrix assigns responsibility for the management of extreme risks to the CEO and Executive Management Team, with Council responsible for oversight review of extreme risks.

Voting Requirements: Simple Majority

RECOMMENDATION

That Council:

1. ENDORSE the Risk Profile (Attachment 1).
2. NOTES the Strategic Risk Register (Attachment 2).
3. NOTES that the Risk Profile will be brought to subsequent Audit & Risk Committee Meetings.

EXECUTIVE SUMMARY

1. The purpose of this report is to provide Council with details of the Internal Audit Reviews undertaken during the 2018 calendar year and to outline the Internal Audit Plan for the year ended 31 December 2019.
2. To ensure high levels of transparency and accountability, details regarding the current status of Internal Audit Recommendations for 2018 (together with a high level summary of the internal audit program themes for the 2018 calendar year) are provided for consideration by Council.
3. It is recommended that Council:
 - a) RECEIVE the annual review for Internal Audit Reports completed during 2018 calendar year.
 - b) NOTES the status of the Internal Audit Recommendation Tracker for 2018.
 - c) NOTES that an annual review will be conducted of the Strategic Internal Audit Plan 2017-2020 and changes brought to the Audit and Risk Committee for endorsement.

BACKGROUND

4. The Strategic Internal Audit Plan 2017-2020 (SIAP) sets out the scope of the planned work to be undertaken by the Internal Auditor for the City for 2017-18 through to 2019-20 financial years. The SIAP was developed based on consideration of the following:
 - a) a review of the City’s current Risk Register;
 - b) consultation with the CEO, Executive team, senior Managers and the Chair of the Audit & Risk Committee;
 - c) other local governments’ Internal Audit programmes;
 - d) topical audit areas of focus in the market; and
 - e) validation of the audit plan through conversations with City’s Executive team.

5. Internal Audit is a core element of the City’s risk management and governance framework. The relationship between Internal Audit and the City can be summarised using the “Three Lines of Defence” model illustrated below.

Three Lines of Defence Model

6. Broadly, Internal Audit reviews are focused on:
 - a) Compliance Audits: which concentrate primarily on the entity’s (or their suppliers’) compliance with legislation, regulations, directions, policies, plans and procedures.
 - b) Financial Audits: which are concerned with practices and activities relating to the accounting and reporting of financial transactions including budget commitments, approvals and the receipt and disbursement of funds, as well as the reliability and integrity of financial information and the safeguarding of the assets.
 - c) Performance (Operational) Audits: which is an audit of all or a part of an entity’s activities to assess economy, efficiency and effectiveness and focuses on:

- i. the adequacy of an internal control structure or specific internal controls to ensure due regard for economy and effectiveness;
- ii. the extent to which resources have been managed economically and efficiently; and
- iii. the extent to which activities have been effective in achieving organisational objectives.

7. The SIAP was endorsed at the Ordinary Council Meeting on 27 March 2018 providing a road map for the City's Internal Audit program.

DETAILS

8. The purpose of the Internal Audit Year in Review for 2018 (Confidential Attachment 2) report is to provide a high-level summary of the key themes that emerged from the first year of the SIAP. In the inaugural year, nine engagements from the internal audit plan was completed. Other work undertaken by Crowe Horwath Pty Ltd included:
 - a) setting of the strategic internal audit plan;
 - b) attendance and presentation of internal audit reports to the Audit & Risk Committee; and
 - c) client liaison and engagement.
9. The City monitors the status of audit recommendations arising from each Internal Audit Review (Confidential Attachment 1). Recommendations are monitored to ensure that they are managed and implemented in a timely fashion. The majority of recommendations are either complete or in progress.
10. The second year of the SIAP was the starting base for consideration for the Internal Audit Plan for the calendar year to 31 December 2019. The Executive team reviewed the proposed Internal Audits for 2019 and considered the following:
 - a) the total of 975 hours contracted to Crowe Horwath Pty Ltd for the year;
 - b) the operational requirements to support the 975 hours;
 - c) the current requirements for compliance, financial and operational audits that would focus on those risks and activities where the most value can be derived for the City;
 - d) the Office of the Auditor General has commenced the planning and scoping for the audit of the annual financial report for the year ending 30 June 2019;
 - e) Prioritisation of Internal Audits for 2019 and 2020 as per the Strategic Internal Audit Plan 2017-20;
11. The City's review of the SIAP has predominantly revised the order of some of the audits bringing forward some areas and deferring others until 2020. The Audit Plan for 2019 is provided to the Audit and Risk Committee for endorsement as per attachment 1.

OFFICER COMMENT

- 23. The SIAP includes a review of risk management, internal control and legislative compliance. It will meet the four-year review requirement under regulation 5(2)(c) of the *Local Government (Financial Management) Regulation 1996* and the two-year review under Regulation 17 of the *Local Government (Audit) Regulations 1996*.
- 24. The City monitors the status of Internal Audit recommendations arising from each Internal Audit Review (Confidential Attachment 1). Recommendations are monitored and the majority of recommendations are either complete or in progress.

Voting Requirements: Simple Majority

RECOMMENDATION

That Council:

- 1. RECEIVE the annual review for Internal Audit Reports completed during 2018 calendar year.
- 2. NOTES the status of the Internal Audit Recommendation Tracker for 2018.
- 3. NOTES that an annual review will be conducted of the Strategic Internal Audit Plan 2017-2020 and changes brought to the Audit and Risk Committee for endorsement.

EXECUTIVE SUMMARY

1. The purpose of this report is to seek Council approval to endorse a revised Integrated Risk Management Plan (Plan).
2. The Administration has undertaken a review of the risk matrix contained in the Plan as well as further work in the areas of risk definition and risk management and considers that an opportunity exists to recalibrate the Plan.
3. It is recommended that Council adopts a revised Integrated Risk Management Plan.

BACKGROUND

4. At the Ordinary Council Meeting of 28 November 2016, Council noted the preparation of an Integrated Risk Management Plan including a Risk Matrix. This plan has since guided the City in the undertaking of risk management. This current Plan is shown as Attachment 1.
5. As part of continuous improvement processes, the City has reviewed the Plan and its underpinning elements and has proposed that subtle recalibration of some elements is appropriate.

DETAILS

6. The 2016 Risk Matrix (Matrix) within the Plan is shown as Attachment 2. The Matrix assigns a risk rating (Low, Medium, High or Extreme) to the various combinations of Consequence (Insignificant, Moderate, Significant, Major or Critical) and Likelihood (Rare, Unlikely, Possible, Likely, Almost Certain). As such 25 possible combinations of Consequence and Likelihood exist each with a risk rating.
7. The Matrix at present has assigned these 25 combinations as follows:

Extreme – 8
 High – 8
 Medium – 4
 Low – 5.

In summary 16 of the potential 25 risk combinations are assessed as high or extreme.

8. As it stands, many risk combinations sit within an Extreme classification. It is a subjective, but valid view, that perhaps Extreme risks should be assigned to those matters which have the greatest impact upon the City as an entity (rather than a large set of 'bad things happening') with a gradual and relatively measured continuum between the Low to Extreme risks, allowing Council greater focus on the fewer number of extreme issues. For example, a Lost Time Injury (consequence) that is Almost Certain (Likelihood) is an Extreme risk.

9. With the City's manual labour workforce, this Extreme risk is manifest on a daily basis and is managed within our operational procedures. In this case a Lost Time Injury risk is considered an identical Extreme risk to a Fatality that may occur once in 10 years or once in 3 years or once a year. It could be argued that emphasis should be placed on the more likely fatality risks than a Lost Time Injury.

10. It is thus proposed that the Matrix is recalibrated along the lines of:
 Extreme – 4
 High – 7
 Medium – 6
 Low – 8

In this option, 11 of the 25 risk combinations are assessed as high or extreme.

11. The proposed 2019 Risk Matrix to be included in the revised Plan is shown as attachment 3.

12. The Plan could also be improved in the Risk Accountability and Responsibilities area by setting in place a process that risks (according to their risk rating) are assigned to certain levels within the City and that oversight of these risks and risk mitigation sits at the next higher level in the City. The proposed system would be:

Risk Rating	Level responsible for mitigating the risk	Level accountable for oversight and review
Extreme	Executive Management Team	Council
High	Directors / CEO	Executive Management Team
Medium	Manager	Director
Low	Coordinator / Supervisors	Manager

13. It is proposed however that Council **also** continues to receive regular reporting (via the Audit & Risk Committee) of all Strategic risks and their mitigation that have been deemed as the Top 10 strategic risks to the City (which may include Extreme or High risks).

14. It is also proposed that improvements be made as to how risks are defined by the City. Contemporary risk management systems adopt a standard of defining risks as 'what could happen how'. As it stands, many risks are less structured and simply state a situation. An example could be "WAPC do not approve the Amendment" which could be better defined as "The WAPC fail to approve the Amendment leading to inability to achieve the desired housing outcomes". Using this process leads then to more effective risk mitigation work.
15. Using the techniques and recalibrations described above, the City has been able to revise the Strategic Risk Register. The revised Strategic Risk Register (Attachment 4) illustrates the changes between the existing and proposed systems for information of Council.
16. The Revised Integrated Risk Management Plan, consistent with these proposals, is shown as Attachment 5.

STATUTORY AND LEGAL CONSIDERATIONS

17. This report deals with Statutory requirements within the *Local Government (Audit) Regulations 1996*, specifically Regulation 17:

17. CEO to review certain systems and procedures

- (1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to —
 - (a) risk management; and
 - (b) internal control; and
 - (c) legislative compliance.
- (2) The review may relate to any or all of the matters referred to in sub-regulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review not less than once in every 3 financial years.
- (3) The CEO is to report to the audit committee the results of that Review

The Plan was last considered by Council in November 2016 and as such, this review falls within the three year review requirement.

POLICY CONSIDERATIONS

18. The City's Integrated Risk Management Plan has been developed in accordance with the City's Risk Management Policy (C-HR06)

Attachments 1. 2018 Compliance Audit Return **[9.2.1.1]**

EXECUTIVE SUMMARY

1. The purpose of this report is to request that Council consider and adopt the 2018 Compliance Audit Return (CAR) (Attachment 1).
2. The completion of the CAR in its current format has been an annual requirement for all local governments for more than 10 years. It focuses on areas considered by the Department of Local Government, Sport and Cultural Industries (DLGSC) as key compliance requirements of the *Local Government Act 1995* (the Act).
3. No items of non-compliance were detected with respect to the matters examined in the 2018 CAR.
4. It is recommended that the 2018 CAR be adopted by Council.

BACKGROUND

5. Every local government in Western Australia is required, under section 7.13 (1) (i) of the Act, to complete a CAR each year.
6. The CAR template is produced by the DLGSC and, once completed and presented to Council for adoption, signed by the Mayor and Chief Executive Officer, must be submitted to the DLGSC by 31 March 2019.
7. The CAR is a mechanism of review for local government, allowing it to identify those areas where legislative requirements have or have not been met.

DETAILS

8. The Terms of Reference of the Audit and Risk Committee require the Committee to review and make recommendations to Council on the completed CAR.
9. The 2018 CAR covered the nine specific topics and 95 questions which is slightly more questions than in recent years. The Specific topics covered in the 2018 Car are:

- (i) Commercial Enterprises
- (ii) Delegations
- (iii) Disclosure of Interest
- (iv) Disposal of Property
- (v) Finance
- (vi) Integrated Planning and Reporting
- (vii) Local Government Employees
- (viii) Official Conduct
- (ix) Tenders

10. No items of non-compliance were detected with respect to the items examined in the 2018 CAR.

STATUTORY AND LEGAL CONSIDERATIONS

11. Regulations 14 and 15 of the *Local Government (Audit) Regulations 1996* provide for the completion, adoption by Council and certification by the Mayor and Chief Executive Officer of the CAR. Additionally, the regulations require the certified return to be submitted to the DLGSC by 31 March 2019.
