## CITY OF KALAMUNDA FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

Local Government Act 1995 Local Government (Financial Management) Regulations 1996

## STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the City of Kalamunda for the financial year ended 30 June 2019 is based on proper accounts and records to present fairly the financial position of the City of Kalamunda at 30 June 2019 and the results of the operations for the financial year then ended in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Signed on the  $11^{th}$ day of November 2019

Chief Executive Officer

Rhonda Hardy Name of Chief Executive Officer

This statement is to be read in conjunction with the accompanying notes.

\* Refer to note 33

## **1. BASIS OF PREPARATION**

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

## THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 to these financial statements

#### 2. REVENUE AND EXPENSES

#### (a) Revenue

#### **Grant Revenue**

Grants and subsidies are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2019	2019	<b>2018</b>
	Actual	Budget	Actual
	\$	\$	\$
Operating grants and subsidies			
General purpose funding	2,598,458	1,095,090	2,301,537

Total grants, subsidies and contributions	7,075,789	7,022,955	6,073,946

## SIGNIFICANT ACCOUNTING POLICIES

**Grants, donations and other contributions** Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over

**Grants, donations and other contributions (Continued)** a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 24. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

	1,021,116	1,301,727	1,094,348

## SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

## Interest earnings (Continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes

## 2. REVENUE AND EXPENSES (Continued)

2. REVENUE AND EXPENSES (Continued)

All of the reserve accounts are supported by money held in financial institutions and match the amount shown as restricted cash in Note 3 & Financial Assets in Note 8 to this financial report.

#### 4. RESERVES - CASH BACKED (Continued)

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

(a)	Name of Reserve Long Service Leave Reserve	Anticipated date of use On going	Purpose of the reserve To provide cash-backing for all annual and long service leave entitlements.
(b)	Land and Property Enhancement and Maintenance Reserve	On going	To fund land and property purchases, upgrade and maintenance of existing properties.
(c)	Waste Management Reserve	On going	To fund financing operations for the development of City's sanitation service.
(d)	EDP IT Equipment Reserve	On going	To fund the upgrade / replacement of the City's computer hardware and software requirements.
(e)	Local Government Elections Reserve	On going	To fund the cost of future elections.
(f)	HACC Reserve	Discontinued	This reserve funded HACC Service programmes and asset replacements - the HACC programme was discontinued on 30.06.2017.
(g)	Forrestfield Industrial Area Reserve	On going	To fund infrastructure requirements for the Forrestfield area.
(h)	Insurance Contingency Reserve	On going	To fund insurance premium variations and potential call backs.
(i)	Revaluation Reserve	On going	To fund triannual rating revaluations.
(j)	Nominated Employee Leave Provisions Reserve	On going	To fund future nominated staff leave entitlements.
(k)	Forrestfield Industrial Scheme Stage 1 Reserve	On going	The reserve is established to meet the City's' reporting obligation under clause 6.5.16 of the City of Kalamunda Local Planning Scheme No. 3. The funds that were managed under the Trust for the scheme were transferred to the newly established reserve on 23rd June 2015. The reserve will be maintained to reflect all transactions related to the scheme for the benefit of the scheme members.
(I)	Asset Enhancement Reserve	On going	To fund future replacement of City's' Infrastructure and plant and equipment needs.
(m)	Unexpended Capital Works and Specific Purpose Grants Reserve	On going	To carry forward available funding for uncompleted projects and specific purpose grants, that will be completed and expended in ensuing financial years.
(n)	Waste Avoidance and Resource Recovery Reserve	On going	Any surplus raised in the year for the purpose of managing the contaminated sites will be placed in the reserve for utilisation in future years.
(o)	Environmental Reserve	On going	To fund environment strategies and projects.

	767,306	663,354

2019

## SIGNIFICANT ACCOUNTING POLICIES

#### Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 27.

## Previous accounting policy: Impairment of trade receivables

In the prior year, the impairment of trade receivables was assessed based on the incurred loss model. Individual receivables which were known to be uncollectible were written off by reducing the carrying amount directly. The other receivables were assessed collectively to determine whether there was objective evidence that an impairment had been incurred but not yet identified. For these receivables the estimated impairment losses were recognised in a separate provision for impairment. **Classification and subsequent measurement** Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

2018

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

386,067	386,067				

2019

## SIGNIFICANT ACCOUNTING POLICIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

## 7. OTHER ASSETS AND ASSETS CLASSIFIED AS HELD FOR SALE

	2019	2018
	\$	\$
Other current assets		
Prepayments	265,088	279,524
	265,088	279,524

## SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Non-current assets held for sale

Assets are classified as held for sale where the carrying amount will be recovered through a sale rather than continuing use and the asset is available for immediate sale with a sale being highly probable.

8. OTHER FINANCIAL ASSETS	2019	2018
	\$	\$
(a) Current assets		
Other financial assets at amortised cost	3,346,005	3,273,620
	3,346,005	3,273,620

Financial assets at fair value through other comprehensive income		
- Investments in Unit Trusts (ii)	140,137	12,371
	140,137	12,371

## (i) Self supporting loans

An amount of money raised by the City in its own name through a specific loan for a period no longer than 10 years and provided to an approved community group or sporting club through a Self-Supporting Loan Agreement. Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 14(a) as self supporting loans.

## (ii) Investments In Unit Trusts

The Local Government House Trust is a unit trust created for the purpose of providing building accommodation to the Western Australian Local Government Association (WALGA).

## 8. OTHER FINANCIAL ASSETS (Continued)

#### SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cash flows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

# Financial assets at fair value through Other Comprehensive Income

The CITY classifies the following financial assets at fair value through other comprehensive income:

- equity investments which the CITY has elected to recognise fair value gains and losses through other comprehensive income.

## Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 27.

### SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Previous accounting policy: available for sale financial assets** Available-for-sale financial assets were non-derivative financial assets that were either not suitable to be classified as other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

## Previous accounting policy: Loans and receivables

Non-derivative financial assets with fixed or determinable payments that were not quoted in an active market and are solely payments of principal and interest were classified as loans and receivables and are subsequently measured at amortised cost, using the effective interest rate method.

Refer to Note 30 for reclassification of available for sale financial assets to financial assets at fair value through other comprehensive income.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### 9. PROPERTY, PLANT AND EQUIPMENT (Continued)

#### (c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2	Market approach using recent observable market data for similar assets	Independent registered valuer	June 2017	Average price for square meter / sales process of comparable properties
Land - vested in and under the control of Council	3	Improvements to land valued using cost approach using current replacement cost	Independent registered valuer	June 2017	Improvements to land using construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Buildings - specialised	3	Improvements to building valued using cost approach using current replacement cost	Independent registered valuer	June 2017	Improvements to building using construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Furniture and equipment	3	Cost approach using current replacement cost	Management Valuation	June 2019	Purchase cost and current condition, residual values and remaning useful life assements inputs
Plant and equipment					
- Independent valuation	2	Market approach using recent observable market data for similar assets	Independent registered valuer	June 2019	Market price per item for a similar nature of an asset.
- Management valuation	3	Cost approach using current replacement cost	Management Valuation	June 2019	Purchase cost and current condition, residual values and remaning useful life assements inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### 10. INFRASTRUCTURE (Continued)

#### (c) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	Level 3	Cost approach using current replacement cost	Independent valuation	June 2018	Observable input based on depreciation replacement cost (Level 3)
Infrastructure - Footpaths	Level 3	Cost approach using current replacement cost	Independent valuation	June 2018	Observable input based on depreciation replacement cost (Level 3)
Infrastructure - Drains	Level 3	Cost approach using current replacement cost	Independent valuation	June 2018	Observable input based on depreciation replacement cost (Level 3)
Infrastructure - Parks and Ovals	Level 3	Cost approach using current replacement cost	Independent valuation	June 2018	Observable input based on depreciation replacement cost (Level 3)
Infrastructure - Other	Level 3	Cost approach using current replacement cost	Independent valuation	June 2018	Observable input based on depreciation replacement cost (Level 3)

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

#### 11 (a) PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE)

#### SIGNIFICANT ACCOUNTING POLICIES

#### Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

## Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

#### Revaluation

The fair value of fixed assets is determined at least every three years and no more than five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

## AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Land under control

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the City was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

#### Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i) prohibits* local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the City.

#### **Intangible Assets**

Costs incurred in developing software that will contribute to future period financial benefits through revenue generation or cost reduction are capitalised to software and systems. Costs capitalised include external direct costs of software development including consultancy, programming and data migration services. Amortisation is calculated on a straight line basis over 5 years. Technology development costs include only those costs directly attributable to the development phase and are only recognised following completion of technical feasibility and where the City has an intention and ability to use the asset.

#### SIGNIFICANT ACCOUNTING POLICIES Depreciation

( c)

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

#### Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life	
Buildings	30 to 50 years	
Furniture and equipment	5 to 10 years	
Plant and equipment	5 to 20 years	
Intangible Assets	5 years	
Infrastructure		
Category	Component	Material

Category	Component	Material	Useful Life

Parks and Gardens		equipment	

Page 30

#### Depreciation (Continued)

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways: (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated

depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or

(b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### **12. REVALUATION SURPLUS**

	2019	2019	2019	Total	2019	2018	2018	2018	Total	2018

## SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect Trade and other payables (Continued)

of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

Unused loan facilities at balance date	Nil	Nil

## SIGNIFICANT ACCOUNTING POLICIES

### Financial liabilities

Financial liabilities are recognised at fair value when the City becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

#### Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

#### Risk

Information regarding exposure to risk can be found at Note 27.

#### 15. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions	<b>Provision for</b>	<b>Provision for</b>	
	Annual	Long Service	
	Leave	Leave	Total
	\$	\$	\$
Opening balance at 1 July 2018			
Current provisions	1,558,194	1,624,002	3,182,196
Non-current provisions	0	553,776	553,776
	1,558,194	2,177,778	3,735,972
Additional provision	2,081,536	829,604	2,911,140
Amounts used	(1,887,043)	(281,414)	(2,168,457)
Increase in the discounted amount arising			
because of time and the effect of any			
change in the discounted rate	(52)	(300,138)	(300,190)
Balance at 30 June 2019	1,752,635	2,425,830	4,178,465
Comprises			
Current	1,752,635	1,970,514	3,723,149
Non-current	0	455,316	455,316
	1,752,635	2,425,830	4,178,465
	2019	2018	
Amounts are expected to be settled on the following basis:	\$	\$	
Less than 12 months after the reporting date	1,868,772	1,603,674	
More than 12 months from the reporting date	2,309,692	2,132,299	
	4,178,465	3,735,972	

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

#### Other long-term employee benefits

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at Other long-term employee benefits (Continued) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **16. NOTES TO THE STATEMENT OF CASH FLOWS**

## **Reconciliation of Cash**

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, including cash in hand, cash at bank net of outstanding bank overdrafts. All trust monies are excluded. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2019	2019	2018
	Actual	Budget	Actual
	\$	\$	\$
Cash and cash equivalents	20,737,597	14,526,320	21,709,276
Reconciliation of Net Cash Provided By Operating Activities to Net Result			
Net result	3,394,500	6,599,704	5,107,228
Non-cash flows in Net result:			
Depreciation	10,986,630	10,835,774	10,237,301
(Profit)/loss on sale of asset	888,094	0	227,330
Share of profits of associates and joint ventures	(998,408)	(1,630,348)	(1,913,625)

\* Refer to note 33

# **18. CONTINGENT LIABILITIES**

In compliance with the Contaminated Sites Act 2003 Section 11, the City has listed sites to be possible source of contamination.

Details of those site are:

- Alan Anderson Reserve
- Ledger Road Reserve
- Brand Road Reserve

- Dawson Avenue / Pioneer Park

The City is in the process of conducting investigations to determine the presence and scope of contamination, assess the risk, and agree with the Department of Water and Environmental Regulation on the need and criteria of remediation of a risk based approach. The City is unable to estimate the potential costs associated with remediation of these sites. This approach is consistent with the Department of Water and Environmental Regulation Guidelines.

### **19. CAPITAL AND LEASING COMMITMENTS**

	2019	2018
(a) Capital Expenditure Commitments	\$	\$
Contracted for: - capital expenditure projects	1,074,912	286,376
	1,074,912	286,376
Payable: - not later than one year	1,074,912	286,376

At the end of each financial year the City reviews the position of its incomplete capital expenditure projects & the position of unexpended specific purpose grants. The City recognises the costs of major capital projects to be carried forward to the next financial year and transfers adequate funds to the unexpended capital works and specific purpose grants reserve. The reserve is fully cash backed and categorised under restricted cash.

# (b) Operating Lease Commitments

Non-cancellable operating leases contracted for but not capitalised in the accounts.

### Payable:

- not later than one year
- later than one year but not later than five years

# SIGNIFICANT ACCOUNTING POLICIES Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the City, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

2019	2018
\$	\$
90,722	168,725
51,449	112,581
142,171	281,306

# Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

Share of Net Assets

31,407,709

30,517,040

# 21(a) INVESTMENT IN ASSOCIATES (Continued)

#### SIGNIFICANT ACCOUNTING POLICIES Investment in associates

An associate is an entity over which the City has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss, and its share of post-acquisition other comprehensive income is recognised in other comprehensive income. Investment in associates (Continued) Investments in associates are tested for any indication of impairment at the end of the reporting period. Where there is an indication of impairment, the recoverable amount is estimated. Where the recoverable amount is less than the carrying amount, the investment is considered impaired and is written down to the recoverable amount and an impairment loss is recognised.

### 22. MAJOR LAND TRANSACTIONS

The City did not participate in any major land transactions during the 2018/2019 Financial Year

# 23. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

The City did not participate in any trading undertakings or major trading undertakings during the 2018/2019 Financial Year.

#### 27. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	<ul> <li>Availablity of commited credit lines and borrowing facilities</li> </ul>

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

27. FINANCIAL RISK MANAGEMENT (Continued) (a) Interest rate risk

#### Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2019					
Cash and cash equivalents Financial assets at amortised cost -	2.66%	20,737,597	0	18,229,466	2,508,131
term deposits	2.55%	3,298,444	3,298,444	0	0
2018					
Cash and cash equivalents	2.43%	21,709,276	0	21,216,742	492,533
Financial assets at amortised cost	2.55%	3,214,224	3,214,224	0	0

#### Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2019	2018
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	240,360	249,235
* Holding all other variables constant		

#### **Borrowings**

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 14(b).

### 27. FINANCIAL RISK MANAGEMENT (Continued)

#### (b) Credit risk

#### Trade Receivables

The City's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the City to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The City is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2018 or 1 July 2019 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for rates receivable. No expected credit loss was forecast on 1 July 2018 or 30 June 2019 for rates receivable as penalty interest applies to unpaid rates and properties associated with unpaid rates may be disposed of to recover unpaid rates.

#### 27. FINANCIAL RISK MANAGEMENT (Continued)

		More than 1	More than 2	More than 3

# 27. FINANCIAL RISK MANAGEMENT (Continued)

# (c) Liquidity risk

# Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 14( e).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

<u>2019</u>	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
Payables Borrowings	6,282,285 944,637 7,226,922	0 2,390,016 2,390,016	0 3,313,266 3,313,266	6,282,285 6,647,919 12,930,204	6,282,285 6,647,919 12,930,204
<u>2018</u>

	13,197,153	689,454	(1,397,638)	12,488,971

# 29. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There have been no significant events after the reporting period that are to be included in the 2018/2019 Annual Financial Report

#### **30. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS**

During the current year, the City adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associated with the amendment of existing standards, the only new standard with material application is AASB 9 *Financial Instruments*.

#### **AASB 9 Financial instruments**

AASB 9 *Financial Instruments* replaces AASB 139 *Financial Instruments: Recognition and Measurement* for annual reporting periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The City applied AASB 9 prospectively, with an initial application date of 1 July 2018. The adoption of AASB 9 has resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. In accordance with AASB 9.7.2.15, the City has not restated the comparative information which continues to be reported under AASB 139. Differences arising from adoption have been considered not material in carrying value of the assets.

### (a) Classification and measurement

Under AASB 9, financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (fair value through OCI) or fair value through profit or loss (fair value through P/L). The classification is based on two criteria: the City's business model for managing the assets; and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The assessment of the City's business model was made as of the date of initial application, 1 July 2018. The assessment of whether contractual cash flows on financial assets are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

### 30. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The classification and measurement requirements of AASB 9 did not have a significant impact on the City. The following are the changes in the classification of the City's financial assets:

 Trade receivables and Loans and advances (i.e. Other debtors) classified as Loans and receivables as at 30 June 2018 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as Financial assets at amortised cost beginning 1 July 2018.

- The City did not designate any financial assets as at fair value through profit and loss.

In summary, upon the adoption of AASB 9, the City had the following required (or elected) reclassifications as at 1 July 2018:

Class of Financial Instrument presented in the Statement of Financial Position	Original measurement category under ASSB 139	New measurement category under ASSB 9	Carrying Amount under AASB 139 \$	Carrying Amount under AASB 9 \$
Receivables	Loans and Receivables	Financial Assets at amortised cost	3,546,827	3,546,827
Other Assets				
- Self-supporting loans	Loans and Receivables	Financial Assets at amortised cost	183,637	183,637
- Term Deposits	Loans and Receivables	Financial Assets at amortised cost	3,214,224	3,214,224
Investments in Unit Trusts	Loans and Receivables	Fair value through other comprehensive income	12,371	12,371

The change in classification has not resulted any remeasurement adjustment at 1 July 2018.

### (b) Impairment

The adoption of AASB 9 has fundamentally changed the CITY's accounting for impairment losses for financial assets by replacing AASB 139's incurred loss approach with a forward-looking expected credit loss (ECL) approach. AASB 9 requires the CITY to recognise an allowance for ECLs for all financial assets not held at fair value through P/L.

### **31. CHANGE IN ACCOUNTING POLICY**

Paragraph 17A (5) of *Local Government (Financial Management) Regulations 1996* came into operation on the 1 July 2018. The regulation states an asset is to be excluded from the assets of a local government if the fair value of the asset at the date of acquisition by the local government is under \$5,000.

The adoption of the regulation constitutes a change in accounting policy. Due to the effect on the financial statements not being material, the City did not retrospectively apply the changes in

accounting policy arising from the new regulations and has not restated the comparative figures.

During the year assets with a fair value at the date of acquisition of under \$5,000 and purchased prior to 30 June 2018 have been excluded from the assets of the CITY written off in the Statement of Comprehensive Income.

The effect of the adjustment at 1 July 2018 detailed below:

Statement of Financial Position (Extract)	<u>1 July 2018</u> \$	
Property, plant and equipment	(89,764)	
Net assets	(89,764)	
Retained earnings	(89,764)

Other property and services		89,764

#### **CITY OF KALAMUNDA**

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### 32. NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION IN FUTURE YEARS

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the City.

This note explains management's assessment of the new and amended pronouncements that are relevant to the City, the impact of the adoption of AASB 15 *Revenue from Contracts with Customers*, AASB 16 *Leases* and AASB 1058 *Income for Not-for-Profit Entities*. These standards are applicable to future reporting periods and the first year of adoption will be on 1 July 2019.

### (a) Revenue from Contracts with Customers

The City will adopt AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the City will adopt the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019.

The City is currently assessing the impact of adopting the new standard but believe the adoption of the new standard will not have a material impact on the financial report.

#### (b) Leases

AASB 16 requires lessees to account for all leases under a single on-balance sheet model in a similar way to finance leases under AASB 117 Leases. The standard includes two recognition exemptions for leases - leases of 'low-value' assets (e.g. personal computers) and shorter, leases (i.e. with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payment (i.e. the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset).

Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of use asset. Lessees will be required to remeasure the lease lability upon the occurrence of certain events (e.g., change in lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amounts of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting is substantially unchanged from todays' accounting under AASB 117. Lessors will continue to classify all leases using the same classification principle as in AASB 117 and distinguish between two types of leases: operating and finance leases.

The City is currently assessing the impact of adopting the new standard but believe the adoption of the new standard will not have a material impact on the financial report.

### 32. NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION IN FUTURE YEARS (Continued)

#### (c) Income For Not-For-Profit Entities

The City will adopt AASB 1058 *Income for Not-for-Profit Entities* (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the City will adopt the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

The City is currently assessing the impact of adopting the new standard but believe the adoption of the new standard will not have a material impact on the financial report.

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates will be recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the City. When the taxable event occurs the financial liability will be extinguished and the City will recognise income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the City to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

#### CITY OF KALAMUNDA

#### NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### 33. PRIOR YEAR ADJUSTMENT

#### (a) Write off of deffered expenditure

The City incurred \$200,514 related to the Forrestfield North Development Project in 2016/17 and in 2017/18 the cost incurred for the project was \$639,357. As of 1 July 2018, the City's cumulative expenditure on the project was \$839,871. The City has recognised costs associated with the project as non-current deferred expenditure assets in the 2016/17 and 2017/18 Financial Statements on the premise these costs will be recouped with the establishment of a Forrestfield North Development Contribution Plan.

Under AASB 137 - Provisions, Contingent Liabilities and Contingent Assets, an entity should not disclose or recognise a contingent asset until an inflow of economic benefits has become probable.

In accordance with AASB 108 – Accounting Policies, Changes in Accounting Estimates and Errors, an entity shall correct material prior period errors retrospectively in the first set of financial statements authorised for issue after their discovery.

#### (b) Correction to the share of investment in Eastern Metropolitan Regional Council (EMRC)

A recalculation of the Site Rehabilitation and the Environmental Monitoring post closure provisions has been undertaken in order to comply with the appropriate legislation and to determine the net present value of the future cash outflows of costs, determined on a discounted basis as at 30 June 2015.

The provisions were corrected and a corresponding post closure asset was created to be amortised over the remaining life of the site. Increments in the provisions are calculated annually based on the change in the net present value.

EMRC Financial Statements has been corrected by restating each of the financial statement line items

#### A summary of the impact to the City's Financial Statements from above is given below

Statement of Financial Position	30 June 2018	Increase/ (Decrease)	30 June 2018 (Restated)	30 June 2017	Increase/ (Decrease)	01 July 2017 (Restated)

#### CITY OF KALAMUNDA

#### NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

#### 35. OTHER SIGNIFICANT ACCOUNTING POLICIES

#### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST. except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows

#### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

#### c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar. are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

#### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is

#### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of

#### f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

#### g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use

#### h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows

#### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement

#### Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

#### Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

#### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

#### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value

#### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

#### i) Impairment of assets

In accordance with Australian Accounting Standards the City's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model ,such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined Page 63

# 36. ACTIVITIES/PROGRAMS

City operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME AND OBJECTIVES	ACTIVITIES
GOVERNANCE	
To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.
GENERAL PURPOSE FUNDING	
To collect revenue to allow for the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY	
To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH	
To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.
EDUCATION AND WELFARE	
To provide services to disadvantaged persons, the elderly, children and youth. COMMUNITY AMENITIES	Provision and maintenance of senior citizen and disability services, youth services and other voluntary services.
To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes and public conveniences.
RECREATION AND CULTURE	
To establish and effectively manage infrastructure and resource which will help the social well being of the community.	Maintenance of public halls, civic centres, aquatic centre, recreation centres and various sportin facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
TRANSPORT	
To provide safe, effective and efficient transport services to the community.	Construction and maintenance of roads, footpaths, bridges, lighting and cleaning of streets.
ECONOMIC SERVICES	
To help promote the City and its economic wellbeing.	Tourism and area promotion, rural services and building control.
OTHER PROPERTY AND SERVICES To monitor and control council's overheads	Private works operation, plant repair and operation costs and engineering operation costs.
operating accounts.

### INDEPENDENT AUDITOR'S REPORT

### To the Councillors of the City of Kalamunda

### Report on the Audit of the Annual Financial Report

### Opinion

I have audited the annual financial report of the City of Kalamunda which comprises the Statement of Financial Position as at 30 June 2019, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion the annual financial report of the City of Kalamunda:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the City for the year ended 30 June 2019 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the City in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Emphasis of Matter – Basis of Accounting

I draw attention to Note 1 to the annual financial report, which describes the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the City's annual financial reporting responsibilities under the Act. Regulation 16 of the Local Government (Financial Management) Regulations 1996 (Regulations), does not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report. My opinion is not modified in respect of this matter.

# Responsibilities of the Chief Executive Officer and Council for the Annual Financial Report

The Chief Executive Officer (CEO) of the City is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of a annual financial report that is free from material misstatement, whether due to fraud or error.

7th Floor Albert Facey House 469 Wellington Street Perth MAIL TO: Perth BC PO Box 8489 Perth WA 6849 TEL: 08 6557 7500 FAX: 08 6557 7600

In preparing the annual financial report, the CEO is responsible for assessing the City's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

### Auditor's Responsibility for the Audit of the Annual Financial Report

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the annual financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the CEO.
- Conclude on the appropriateness of the CEO's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the annual financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report, as we cannot predict future events or conditions that may have an impact.
- Evaluate the overall presentation, structure and content of the annual financial report, including the disclosures, and whether the annual financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Council and the CEO regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

# **Report on Other Legal and Regulatory Requirements**

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matters indicate significant adverse trends in the financial position of the City:
  - a. Asset Sustainability Ratio as reported in Note 37 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries' standard for the last three financial years.
- (ii) The following material matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law were identified during the course of my audit:
  - a. Rates Adjustment journal entries prior to March 2019 were posted by one employee, without being reviewed by a senior staff member independent of preparation. Rates adjustment journals can represent significant adjustments to previously approved rates transactions, and should therefore be appropriately reviewed and approved. After we reported this finding, management reviewed and approved the journal entries that had not been reviewed and did not identify any errors.
- (iii) All required information and explanations were obtained by me.
- (iv) All audit procedures were satisfactorily completed.
- (v) In my opinion, the asset consumption ratio and the asset renewal funding ratio included in the annual financial report were supported by verifiable information and reasonable assumptions.

### **Other Matter**

The annual financial report of the City for the year ended 30 June 2018 was audited by another auditor who expressed an unmodified opinion on that annual financial report. The financial ratios for 2017 and 2018 in Note 37 of the audited annual financial report were included in the supplementary information and/or audited annual financial report for those years.

### Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the City of Kalamunda for the year ended 30 June 2019 included on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report.

CAROLINE SPENCER AUDITOR GENERAL FOR WESTERN AUSTRALIA Perth, Western Australia /3 November 2019
