Dear Sir/Madam,

Proposed Scheme Amendment No. 119 - ANEF changes in Kalamunda

The City of Kalamunda has initiated Amendment 119 to the City's Local Planning Scheme No. 3 (LPS3) for the purposes of public advertising. The Scheme Amendment proposes to amend LPS3 to modify the Scheme Maps to reflect updated Aircraft Noise Exposure Forecast (ANEF) contours as per Perth Airport Draft Masterplan 2026. ANEF (Australian Noise Exposure Forecast) contours are maps that show the expected level of aircraft noise around an airport over time. They are used by planning authorities to help guide land use and development in areas affected by aircraft noise.

The amendment updates the City's planning scheme maps to reflect the latest forecast information. The purpose of the amendment is to reflect these changes in scheme mapping. If your property is affected by a contour change, it may influence planning and building requirements for future development, such as requirements for noise-sensitive land uses or aircraft noise attenuation measures in new buildings. Existing approved development and current use of land are not affected by the amendment.

Documents detailing the application are available online at [kalamunda.wa.gov.au](https://engage.kalamunda.wa.gov.au), on the City's engage page: <https://engage.kalamunda.wa.gov.au> and in person at the City of Kalamunda Administration Centre (No. 2 Railway Road, Kalamunda) during business hours up to [INSERT DATE].

Submissions can be lodged:

- **Online:** engage.kalamunda.wa.gov.au
- **Email:** enquiries@kalamunda.wa.gov.au
- **Post:** PO Box 42, Kalamunda WA 6926
- **In Person:** 2 Railway Road, Kalamunda
- **Submissions close:** [INSERT DATE].

Yours faithfully,

ROLE
