THOMAS, Margaret

I love Kalamunda. I have lived in our community for nearly 30 years and love sharing its unique lifestyle with my children and grandchildren. Over the past 12 years as a North Ward Councillor and 2 years as Mayor, I have fought hard for real results for our community. In particular, I have worked with Council and community to deliver our fantastic new Community Centre at Jorgensen Park, landmark funding for Central Mall upgrade, as well as a suite of new cycle paths. I have been active and engaged in our community because it's only by listening that you truly understand local priorities. While we have made important progress, there is still more to do. I am seeking your local vote to continue to be a strong and effective voice for North Ward on Council.
