

## Candidate Details

Ballot paper name	<b>HARLEY, Jasmin</b>
Candidate name	<b>JASMIN HARLEY</b>
District	<b>City of Kalamunda</b>
Nominating for	<b>Councillor for South West Ward</b>
Election type	<b>Ordinary</b>
Enrolment status	<b>HARLEY, Jasmin is eligible to stand for election as a resident of the City of Kalamunda.</b>

I've proudly called Forrestfield home for ten years and want to represent you in the South West Ward. As a business owner and Executive Committee Member of the Kalamunda Chamber of Commerce, I understand leadership grounded in real experience.

### My Vision: Elevating Forrestfield & Wattle Grove

With both suburbs on the cusp of becoming million-dollar areas, we need practical, community-driven leadership. I'll advocate for:

- Smarter verge maintenance & better street presentation
- Road safety upgrades at dangerous intersections
- Community hubs & family-friendly spaces
- Safe City CCTV & youth support programs
- Age-friendly design, accessibility & seniors' inclusion

Raised on the land in WA's South West, I value hard work and showing up. I'll listen, lead, and put your voice first. It's time the Foothills were recognised for the thriving community they are.

Vote 1 Jasmin Harley – because showing up matters.

## Additional Information

I've proudly called Forrestfield home for 10 years. I am a mum to three grown daughters, a proud grandmother to one cheeky little boy, and the owner of Foothills Beauty, a local business I've run right here in Forrestfield since 2018.

My roots are in the South West, growing up on the land in an agricultural family. I know what it means to work hard, muck in, and get things done. I bring that same can-do attitude to everything I do. If I commit to something, I show up.

I'm standing for Council because I care deeply about our community. I want to be a strong, straight-talking advocate who listens to locals, cuts through the red tape, and fights for the services, infrastructure, and upgrades we deserve.

It's time the Foothills were treated like the million-dollar suburbs they're becoming.

**Elevating Forrestfield: A Vision for Tomorrow**

Suburbs in the South West Ward are on the cusp of becoming Perth's next property hotspots, driven by family appeal, rapid growth, and expanding infrastructure.

But to truly deliver on this potential, we need leadership that's grounded, practical, and proactive – someone who lives here, works here, and raises family here.

**Advocating for Future-Proofing Forrestfield**

1. Improved Verge Management Smarter maintenance and better street presentation.
2. Road Safety & Infrastructure Upgrades Including urgent fixes at dangerous intersections like Lewis Road.
3. Community Hubs & Recreational Spaces Creating places that bring people together.
4. Family-Centred Development Thoughtful growth that supports families, with a strong focus on creating opportunities and safe spaces for youth.
5. Safe City Community CCTV Program Boosting community safety through strategic surveillance.
6. Support for Seniors Age-friendly spaces, improved accessibility, and programs that keep seniors active, connected, and independent.

**The Future Starts Now**

Forrestfield & Wattle Groves transformation won't happen on its own. It needs leadership that's prepared to
