Attachment 1 Summary of Outstanding Rates for the period ended 31 January 2015.

**PURPOSE**

1. To receive the report on rates debtors for the period ended 31 January 2015 (Attachment 1).

**BACKGROUND**

2. Rates notices were issued on 10 July 2014 with the following payment options:-

<b>Options</b>	<b>Payment Dates</b>			
Full Payment	14 August 2014			
Two Instalments	14 August 2014	18 December 2014		
Four Instalments	14 August 2014	16 October 2014	18 December 2014	12 February 2015

3. A total of 8,858 ratepayers have taken up an instalment option. Of these, 1466 ratepayers have taken up the option to pay by two instalments and 7392 have taken up the option to pay by four instalments. Any amounts outstanding by those ratepayers without an instalment option are regarded as defaulted.
4. The Shire can accept a direct debit payment arrangement to finalise the balance or a special payment arrangement can be made in extenuating circumstances. Strict protocols are maintained so that the Shire is seen to be fair and equitable to all ratepayers.
5. The Shire of Kalamunda now offers direct debit arrangements for instalments, however at this stage there has been little response.
6. As noted on (Attachment 1), the Shire has collected \$26,421,918 or 86.03% of the debt from the date the rates and service charges were raised, compared to 85% at the same period last year. The rate should normalise by end of February 2015 when the final instalment date is reached.
7. Interim rates have commenced and are up to date.

---

## DETAILS

### Debt Recovery

8.
  - There are now four outstanding debts from 2012/13 that remain with Dun & Bradstreet (D&B) who have had Judgement entered against them. All have been issued with "Property Sales and Seizure Orders", the next step is to proceed with Land Warrants for these properties which will occur in March 2015.
  - There are 24 Ratepayers from 2013/2014, who have received judgement orders; 20 remain unpaid and the Shire has received no response. The Shire will proceed to a Land Warrant now.
  - The Shire have issued 214 General Procedure Claims through the Courts for 2014/2015 and of these 214 we have obtained default judgement on 18 properties and are awaiting confirmation on a further 50 properties. One matter is being defended by the ratepayer and the balance have been either paid in full or are subject to a Direct Debit Arrangement with the majority to be finalised in February 2015.
  - There are six properties where the rates have been outstanding for 3 years and over and all legal attempts to collect the rates has been unsuccessful. A report will be submitted to Council in March 2015 with a recommendation that the land be sold under the provisions of the Local Government Act section 6.64.

## STATUTORY AND LEGAL CONSIDERATIONS

9. The Shire collects its rates debts in accordance with the *Local Government Act (1995) Division 6 – Rates and Service Charges under the requirements of subdivision 5 – Recovery of unpaid rates and service charges.*

## POLICY CONSIDERATIONS

10. Nil.

## COMMUNITY ENGAGEMENT REQUIREMENTS

11. Nil.

## FINANCIAL CONSIDERATIONS

12. The early raising of rates in July has allowed the Shires operations to commence without delays in addition to earning additional interest income.

## STRATEGIC COMMUNITY PLAN

### Strategic Planning Alignment

13. *Kalamunda Advancing: Strategic Community Plan to 2023*

OBJECTIVE 6.8 – To ensure financial sustainability through the implementation of effective financial management, systems and plans.

Strategy 6.8.4 Provide effective financial services to support the Shire's operations and to meet sustainability planning, reporting and accountability requirements.

## SUSTAINABILITY

### Social Implications

14. Debt collection can have implications upon those ratepayers facing hardship and the Shire must ensure equity in its debt collection processes.

### Economic Implications

15. Effective collection of all outstanding debtors leads to enhanced financial sustainability for the Shire.

### Environmental Implications

16. Nil.

## RISK MANAGEMENT CONSIDERATIONS

- 17.

Risk	Likelihood	Consequence	Rating	Action/Strategy
The Shire is exposed to the potential risk of the ratepayer failing to make payments which it is obligated to do. This will result in the disruption of cash flows and increased collection costs.	Possible	Major	High	Ensure debt collections is rigorously managed.

Attachment 3	Meals on Wheels Financial Summary

**PURPOSE**

1. To receive the Community Care Quarterly Report – December 2014.

**BACKGROUND**

2. The quarterly report is prepared in accordance with the approved Kalamunda Home and Community Care (KHACC) Business Case (2010 – 2014). The basis of which is:

*“That the Home and Community Care Services provided, be within the limits of funding available and reviewed every quarter and reported to Council.”*

**DETAILS**

3. Referrals for Home and Community Care (HACC) support are received from the Regional Assessment Service. Community Care do not screen for eligibility nor assess potential clients for services and are dependent on these referrals to maintain and increase service levels.
4. Inception of the Assessment Framework in 2011 has resulted in increased compliance with eligibility criteria and people receiving services based on assessed need and not just an eligibility status, meaning a person with an ongoing functional disability may be eligible for HACC support but with the provision of the correct assistive equipment may continue to support themselves independently without formalised support.

**HACC Service Delivery**

5. The Volumes Report (Attachment 1) shows how Community Care is performing in relation to its contracted service provision levels for the HACC program for the period of October, November and December 2014.
6. The HACC Contract contains service groups that cluster, where appropriate, similar service types together. Service Group 1 includes the following service types: domestic assistance, personal care, social support, respite and other food services.

- 
7. Service Group 1 was contracted to provide hours of support against the service types listed in paragraph 6. This allows the service types to be adjusted to meet the needs of eligible clients regardless of the contracted number of hours against each service type.
  8. Because of this service grouping, a service type such as domestic assistance can achieve higher than 100% of service delivery, providing other service types are not also achieving 100%. The hours are used in a flexible manner to address need.
  9. During this quarter Community Care was contracted to provide 6285 hours across service group 1 to eligible community members. A total of 4538 hours were provided (72%). This is a 2.5% increase from last quarter.

#### **Domestic Assistance (Service Group 1)**

10. During this quarter Community Care was contracted to provide 2928 hours to eligible community members. A total of 3359 hours were provided (115%). This is a 5.5% increase from last quarter.
11. Impacts on these hours included 743.25 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Domestic Assistance would have achieved 140%, which would have been accommodated by the flexible delivery model assigned to Service Group 1 as detailed in paragraph 7.

#### **In Home Respite (Service Group 1)**

12. During this quarter Community Care was contracted to provide 450 hours to eligible community members. A total of 104 hours were provided (23%). This is a 2% decrease from last quarter.
13. Impacts on these hours included 33.5 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Home Respite would have achieved 30.5%.

#### **Other Food Services (Service Group 1)**

14. During this quarter Community Care was contracted to provide 96 hours to eligible community members. A total of 21 hours were provided (22%). This is a 3% decrease from last quarter.
15. Impacts on these hours included 5.75 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Other Food Services would have achieved 28%.

---

### **Social Support (Service Group 1)**

16. During this quarter Community Care was contracted to provide 1875 hours to eligible community members. A total of 807 hours were provided (43%). This is a 1% increase from last quarter.
17. Impacts on these hours included 70.25 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Social Support would have achieved 47%.

### **Personal Care (Service Group 1)**

18. During this quarter Community Care was contracted to provide 936 hours to eligible community members. A total of 247 hours were provided (26%). This is stable with last quarter.
19. Impacts on these hours included 56.5 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Personal Care would have achieved 32.5%.

### **Centre Based Day Care (Service Group 4)**

20. During this quarter Community Care was contracted to provide 9981 hours to eligible community members. A total of 7833 hours were provided (78.5%). This is a 5.5% decrease from last quarter.
21. Impacts on these hours included 3684 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Centre Based Day Care would have achieved 115%, this would have been a 28% increase from the last quarter.

### **Meals on Wheels (Service Group 6)**

22. During this quarter Community Care was contracted to provide 1500 meals to eligible community members. A total of 1493 meals were provided (99.5%). This is a 14.5% increase from last quarter.
23. Impacts included 206 meals that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these meals been provided Meals on Wheels would have achieved 113%.

### **Transport (Service Group 7)**

24. During this quarter Community Care was contracted to provide 6816 one way trips to eligible community members. A total of 3858 one way trips were provided (57%). This is a 2% decrease from last quarter.
25. Impacts included 1431 one way trips that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness

---

or being hospitalised. Had these trips been provided Transport would have achieved 77.5%.

### **Client Support Information and Advocacy (Service Group 9)**

26. During this quarter Community Care was contracted to provide 645 hours to eligible community members. A total of 228 hours were provided (35%).

### **Home maintenance (Service Group 10)**

27. During this quarter Community Care was contracted to provide 1791 hours to eligible community members. A total of 1613 hours were provided (90%). This is a 6% increase from last quarter.
28. In November 2014, the Shire ceased accepting new referrals for Home Maintenance due to a change in staffing arrangements resulting in a risk of not being able to fulfil consumer requests.
29. Impacts on these hours included 244 hours that were not provided due to public holidays and clients cancelling services to attend to other commitments, illness or being hospitalised. Had these hours been provided Home Maintenance would have achieved 103%.

### **COMMUNITY VISITORS SCHEME**

30. During this quarter Community Care was contracted to provide 270 visits to eligible community members. A total of 251 visits were provided (93%). This is a decrease of 26% since last quarter.
31. Impacts include 20 outstanding visit reports from volunteers that were not received in time for this reporting period.

### **HOME CARE PACKAGES LEVEL 2 (Formally Community Aged Care Packages (CACP))**

32. During this quarter Community Care was contracted to provide 20 packages to eligible community members. A total of 16 packages were provided (80%). This is a nil variance since last quarter.
33. Referrals for packages come from the Aged Care Assessment Team (ACAT). Community Care do not screen for eligibility nor assess potential clients for services and as such, we are dependent on these referrals to maintain and increase service levels.
34. Home Care Packages are being transitioned to Consumer Directed Care Packages as of 1 July 2015. Community Care are preparing an implementation plan to drive this program, procedural and cultural change.

### **STATUTORY AND LEGAL CONSIDERATIONS**

35. Nil.

---

## **POLICY CONSIDERATIONS**

36. Nil.

## **COMMUNITY ENGAGEMENT**

37. Nil.

## **FINANCIAL CONSIDERATIONS**

38. The Community Care Program (HACC), when adjustment is made for grant funding received in advance, has an operating surplus of \$84,773. This reduction in surplus, compared to 13/14, is mainly due to increased payroll expenditure. This increase in expenditure is a result of increased hours worked by direct staff providing in home services and an increase in the number of staff in administration. Payroll expenses are still within budget as of December 2014.
39. The Meals on Wheels operating deficit of \$7,234 is understated as two invoices issued by the City of Stirling (our suppliers of meals) had not been received as of December 2014. The estimated operating deficit is \$18,000. While this is \$4000 more than budgeted the receipt of the grant for the final half of the year will see the actuals and the budget more closely aligned.

## **STRATEGIC COMMUNITY PLAN**

### **Strategic Planning Alignment**

40. *Kalamunda Advancing: Strategic Community Plan to 2023*

OBJECTIVE 1.1 To be a community that carers for its aged and frail and those less fortunate.

Strategy 1.1.2 Continue to deliver relevant and effective programs to our elderly so that they can feel socially connected and supported from within the Community.

## **SUSTAINABILITY**

### **Social Implications**

41. *Shire of Kalamunda Aged Accommodation Strategy 2008:*

6.1 A strong desire to "age in place" is now the well-established preference for older people and is a key theme that underlies Commonwealth and State Government policy and programs. This encompasses being able to continue to live in the familiar surroundings of the home and local environment as independently as possible, and with support services if required.

**OFFICER COMMENT**

45. During this quarter Community Care had 45 clients exit the HACC program. The feedback from clients and/or family as to why the services were ceasing were
- The client has moved to a higher level of community care support or residential care – 22 responses
  - The client is now self-managing – three responses
  - The clients has passed away – eight responses
  - The client didn't commence services – two responses
  - The client has relocated out of the service area – nine responses
  - Services didn't meet the client's expectations – one response
46. In most services, there are an adequate number of clients to achieve approximately 80% or more volume, however there is always a variance in what is scheduled to be delivered and what is actually delivered.

Attachment 1	Summary of public comments received
Attachment 2	Ray Owen Master Plan

**PURPOSE**

1. For Council to receive the feedback from the public comment period and consider adopting the Ray Owen Reserve Master Plan.

**BACKGROUND**

2. In September 2011, Council received the Community Facilities Plan, one of the key issues identified within the Master Plan was the overall lack of Public Open Space (POS) for organised sports.
3. The Community Facilities Plan further identified the need to undertake a Master planning process at Ray Owen Reserve in an effort to address the shortfall in POS.
4. Since that time, ABV Consultancy in liaison with the Shire, have undertaken a significant amount of research, consultation and planning in the development of the Draft Ray Owen Reserve Master Plan.
5. In October 2014 (OCM 156/2014), Council were presented with the Draft Ray Owen Master Plan and resolved the following:

*That Council:*

1. *Receives the Draft Ray Owen Master Plan (Attachment 1).*
2. *Advertises the Draft Ray Owen Master Plan for a period of 28 days.*
3. *Notes a community workshop is to be held as part of the advertising process.*
4. *Requests all affected groups and stakeholders be provided with a copy of the Draft Ray Owen Master Plan.*
6. The workshop with the affected community groups was subsequently held in November, with the key feedback received being to consider providing an

---

extension to the public comment period and that a further workshop be held with the broader community.

7. In November 2014, the Shire President announced in light of the feedback received from the Ray Owen Reserve user groups the public comment period for feedback to be received on the Draft Ray Owen Master Plan be extended until Friday 23 January 2015.
8. A workshop was also held with the local community on Wednesday 3 December 2014, with 41 people attending over the course of the session.
9. The public comment period has now closed with 16 submissions being received. The community feedback received, together with the corresponding Officer comments appear as an attachment to this report (Attachment 1).
10. As such, Council is now presented with the final Ray Owen Reserve Master Plan (Attachment 2) for consideration.

## **DETAILS**

11. Ray Owen Reserve, located in Lesmurdie, is Crown Land vested with the Shire for the purposes of recreation. The Reserve is approximately 13.99ha in size and is home to a number of sport and recreation clubs.
12. The Ray Owen Reserve Master Plan will aim to provide a clear framework and objectives to assist the Shire in planning, developing, implementing, evaluating and sustaining sport and recreation reserves/facilities at Ray Owen Reserve into the future.
13. In particular, the key issues identified within the Master Plan include:
  - Lack of indoor courts
  - Lack of lit outdoor courts
  - Lack of turf space
  - Lack of parking
  - Lack of power and water
  - BMX Club growing rapidly and has outgrown its current club facilities
14. One of the key elements of the Draft Master Plan was to consider the current management arrangements of the Ray Owen Sports Centre, to ensure the most appropriate model is in place to drive the facility going forward.
15. The Draft Master Plan considers a number of other alternative management options and provides comparisons against the existing arrangements. The Draft Master Plan subsequently recommends the continuation of the existing Licence Arrangement, with a further review to occur in the event that unforeseen circumstances occur which negatively affect the existing model.

## STATUTORY AND LEGAL CONSIDERATIONS

16. *Local Government Act 1995* Section 3.18 (c) - Effective Management of Local Government Services & Facilities.

## POLICY CONSIDERATIONS

17. Nil.

## COMMUNITY ENGAGEMENT REQUIREMENTS

18. A significant amount of community consultation was undertaken during the development of the Master Plan, including preliminary discussions being held with all clubs based at the Reserve, relevant State Associations, neighbouring local government authorities and local schools.
19. The community was then invited to provide feedback on the Draft Master Plan over a 28 day period of public comment in November 2014. This process included direct mail-out to local sporting/recreation clubs, website and copies of the Master Plan located at the Customer Service Centre, Libraries and Recreation Centres. From this, 16 submissions were received during the public comment period.
20. A reserve stakeholder workshop was held on Wednesday 12 November 2014 at the Ray Owen Reserve Clubrooms which eight representatives from local clubs and the community attended. ABV Consultancy presented an overview on the development of the Draft Master Plan and invited attendees to ask questions at the conclusion of the session.
21. Two of the key points raised at the workshop were to increase the length of the public comment period and to provide an additional workshop to the broader local community. The public comment period was subsequently extended to 84 days between November 2014 and January 2015 and a further workshop provided to the broader community on Wednesday 3 December 2014.
22. Six of the 16 submissions received referenced noise issues emanating from the Reserve. One noise complaint was referenced to noise created from the BMX Club PA system and starting gate. Officers have since met with the Club to discuss these issues, with the Club subsequently agreeing to investigate ways in which to reduce the noise created by the starting gate.
23. In assessing the layout of the PA system, Officers considered it to be appropriately angled towards the ground and away from the street. The one exception to this was the speaker located on top of the starting gate, which is directed down the side of the track. However, this speaker is only used once per year on the Club's major championship day, to allow spectators who are sitting along the side of the track to hear.

## FINANCIAL CONSIDERATION

24. The overall cost of implementing the recommendations outlined within the Master Plan is estimated at \$11,833,000 or \$13,391,000 (dependant on which option is taken in terms of the number of additional indoor courts to be built). It should be noted at this stage these are indicative costs, detailed costings will be developed upon implementation of each stage of the Master Plan.
25. Within the Draft Master Plan a cost escalation of approximately 4% per year has been applied.
26. Within the Long Term Financial Plan, Council has forecast \$5 million across two financial years, 2022/2023 and 2023/2024, to implement the outcomes of the Ray Owen Master Plan. Should Council be supportive of the outcomes of the Master Plan, the timing for the program of works to occur will be considered as part of Council's 10 year Long Term Financial Plan and annual budget deliberation process.
27. External funding options have been identified to assist the Shire in the implementation of the Master Plan. Primarily, the Department of Sport and Recreations' Community Sport and Recreation Facilities Fund (CSRFF) is an option where applications for facility developments can attract state government funds to the value of one third of the total project cost.
28. A number of the user groups have also indicated to the consultants, they are willing to contribute towards projects either financially or in-kind. These opportunities can be further explored as part of the implementation phase of the projects.
29. In implementing the outcomes of the Master Plan, it is proposed the following detailed investigations and studies be undertaken as the first priority, with funds to be considered as part of the 2015/16 budget development process for the following projects:
  - Sustainable water supply investigation - \$75,000
  - Power supply design and approval process - \$50,000
  - Environmental Impact Assessment on the proposed areas for clearing at the site - \$20,000
30. It is intended the implementation of the schedule of works be staged in a manner that will ensure maximum opportunity for Council to leverage external funding opportunities such as CSRFF.
31. As at 1 January 2015 the cash-in-lieu funds totalled \$2.2 million, of which \$294,000 is attributed to Lesmurdie.

## STRATEGIC COMMUNITY PLAN

### Strategic Planning Alignment

32. *Kalamunda Advancing: Strategic Community Plan to 2023*

*OBJECTIVE 1.9 To provide high quality facilities to meet the needs of our current and our future community.*

## SUSTAINABILITY

### Social Implications

33. The undertaking of a study to provide strategic direction and guidance in the provision of sport and recreation infrastructure at Ray Owen Reserve, will greatly assist in a long term approach in the sustainable provision of sporting facilities within the Region.

### Economic Implications

34. Nil.

### Environmental Implications

35. Whilst Ray Owen Reserve is not a Bush Forever site, careful planning is required in order to ensure the protection of bushland areas.
36. The Draft Master Plan has identified the potential to clear an area on the northern side of the Reserve to allow for an increase in the level of parking provision.
37. Prior to this clearing occurring, the Master Plan recommends an Environmental Impact Assessment be undertaken to identify if any Declared Rare Flora or Fauna is present.
38. One of the key recommendations of the Draft Master Plan is to undertake a detailed investigation into technologies which are most appropriate for Ray Owen Reserve for reducing energy consumption. This will include the potential of installing PV solar panels on the roof of the new indoor courts.

### **OFFICER COMMENT**

40. The Draft Ray Owen Master Plan outlines several recommendations in terms of facilities provision, playing field space expansion, future requirements and specific club recommendations.
41. The main outcomes for the community will be increased opportunities to participate in physical activities, improved provision of community relevant facilities/services and increased opportunities to be more active.
42. In particular, the key recommendations outlined within the Draft Master Plan include:
- Ray Owen Sports Centre expansion
  - BMX track and facilities upgrade
  - Reserve playing field expansion
  - Additional parking areas
  - Management model for the Ray Owen Sports Centre

### **Playground**

43. In receiving the 16 submissions during the public comment period, the major concerns raised on the Draft Master Plan focussed on the following:
- Provision of only one playground
  - The amount of clearing being undertaken for the new car parking area
  - Hooning
  - Noise issues
44. Currently the playground is located in a central location in between the Sports Centre, Football/Cricket Pavilion and the netball courts. This location allows for all users of the reserve to have equal opportunity to access the play space.

- 
45. As part of the proposed redevelopment, the extension of the Ray Owen Sports Centre would predicate the need for the existing play space to be relocated. The Draft Master Plan recommended that the play space be relocated to in front of the Sports Centre.
  46. Of the 16 submissions received, four respondents indicated that this location would not be suitable for all users of the reserve, in particular Football and Cricket Club Users.
  47. Under the Shire's Facility Development Guidelines, Ray Owen Reserve is considered to be a District Level Open Space, which would include the provision of one play space at the site. However, given the unique layout of the proposed redevelopment and the significant constraints in terms of access to the play space which it will present, it is recommended that an additional play space be included on the Oval side of the Sports Centre.

### **Parking/Bush clearing**

48. One of the key developments proposed in the Draft Master Plan is the extension of the car parking area to the north of the Sports Centre. The issue of additional parking being required came through very strongly in all discussions and workshops held with the stakeholders and user groups.
49. The additional parking will require an amount of clearing to the bushland area.
50. Whilst eight of the feedback submissions received indicated that they were against the proposed clearing, the feedback received was mainly in relation to the clearing of the whole area to the north of the Sports Centre which is not what is recommended. In addition, it should be noted that the rationale for the development of additional parking area has been clearly articulated within the Master Plan and remains valid. The amount of parking space was consistently raised as a major issue throughout the consultation stages in the development of the Master Plan.
51. The increased level of amenity and infrastructure being proposed within the Master Plan will only further predicate the need for additional parking space to be provided.
52. As part of the detailed design process for the parking areas, it is intended that a number of options will be considered to retain as many of the trees as possible e.g. compacted gravel to create an informal parking area, retaining of trees on median strips and islands etc. This type of approach will ensure that the need to provide additional parking space is balanced with also retaining trees of significance.

---

## Ray Owen Sports Centre Management Agreement

53. In terms of the current management of the Ray Owen Sports Centre, the Draft Master Plan indicates that whilst the existing model is performing well, there is no need for any change to occur and subsequently recommends the Shire enter into a five plus five year licence arrangement with Kalamunda and Districts Netball Association (KDNA) and Kalamunda and Districts Basketball Association (KDBA). As such, it is intended to present a Draft Agreement to Council in March/April to this effect.
54. In implementing the outcomes of the Master Plan, it is recommended that the first stage be to undertake further investigations into the availability of water and power together with an environmental assessment of the proposed area to be cleared.
55. In summary, it is recommended that Council endorse the Draft Ray Owen Master Plan inclusive of the following amendments:
- Include provision of a second playground area;
  - Notes that the retention of trees within the proposed new car parking area will be considered as part of the detailed car parking design process.

<b>Voting Requirements: Simple Majority</b>
---------------------------------------------

### OFFICER RECOMMENDATION (C&C 04/2015)

That Council:

1. Adopts the Final Ray Owen Reserve Master Plan, incorporating two minor amendments to the Draft Plan, namely:
  - Include provision of a second playground area;
  - Notes that the retention of trees within the proposed new car parking area will be considered as part of the detailed car parking design process.
2. Considers the following budget items as part of the 2015/16 budget deliberation process:
  - Sustainable water supply investigation - \$75,000
  - Power supply design and approval process - \$50,000
  - Environmental Impact Assessment on the proposed areas for clearing at the site - \$20,000
3. Notes that all capital projects identified within the Ray Owen Reserve Master Plan shall be considered by Council for inclusion within the Long Term Financial Plan and subjected to annual budget deliberation processes.

- 
4. Supports the continuation of the existing management arrangement and prepares a new Licence Agreement with the Kalamunda and Districts Basketball Association and the Kalamunda and Districts Netball Association.
