10.3 CHIEF EXECUTIVE OFFICER REPORTS

10.3.1 Monthly Financial Statements for the Two Months to 31 August 2012

Previous Items Responsible Officer Service Area File Reference Applicant Owner	N/A Director Corporate & Community Services Finance FIR-SRR-006 N/A N/A
Attachment 1 Attachment 2	 Draft Statements of Financial Activity for the two months to 31 August 2012 incorporating the following: Statement of Comprehensive Income by Program Statement of Comprehensive Income by Nature and Type Rate Setting Statement including net current funding position Statement of Financial Position Statement of Equity Schedule of Reserve Accounts Balances Investment Schedule
	Progress Report August 2012

PURPOSE

1. To provide Council with financial reports on the activity of the Shire of Kalamunda with indications of performance against adopted budget.

BACKGROUND

2. The Statement of Financial Activity (Attachment 1), incorporating various substatements, has been prepared in accordance with the requirement of the *Local Government Act (1995), Local Government (Financial Management) Regulations 1996* (Regulation 34).

DETAILS

- 3. The *Local Government Act (1995)* requires Council to adopt a percentage or value to be used in reporting variances against Budget. Council adopted on 8 August 2012 the reportable variances of 5% or \$5,000 whichever is greater.
- 4. The adopted percentage on value is applied at Program level and where applicable for the commentary and detail is provided.

Financial Commentary

Statement of Comprehensive Income by Nature and Type for the Two Months to 31 August 2012

5. This Statement reveals a net result of a surplus of \$26,916,843 against a revised Budget for the same period of \$26,228,529.

Revenue

- 6. Total Revenue is slightly under budget by \$221,266. This is made up as follows:
 - Rates are under budget by \$13,019. The variance is generally coming from the lower interim rates generated for the month against budget as the team is busy with the rates notices, queries and re-calls.
 - Operating Grants and Subsidies and Contributions, Reimbursements and Donations are lower than budget by \$84,700. Of this \$162,582 budgeted for as a quarterly grant from the grants commission offset by a higher amount received for HACC services by \$72,696, both as a result of timing differences. Phasing has been looked at and resolved in the month of August.
 - Fees and Charges were under budget by \$94,324 with the major variances coming from:
 - Waste additional bin services under budget by \$62,527 partly due to a lower rates generation;
 - Lower fees charged by Rates on direct debits and arrangements by \$21,105 which is due again to delayed rates generation. Hopefully this is a timing difference with a large catch up happening in September, with the 21st being the close off for determining the instalment payment options; and
 - Dog Registration fees are down by \$8,560 due to a timing difference as this activity happens in September.
 - Interest earnings are under budget by \$22,784, mainly as a result of depletion of cash balance in July and in August as we are dependent on receipt of rates monies which will start in earnest in September. Additionally the deposit rates have dropped another 50 basis points since the budget was compiled and the in-ability to charge instalment interest on outstanding rates balances will result in a significant correction of the interest revenue in the budget review. Budget rephasing has been done in August to allow for the above.
- 7. Other revenue is under budget by \$6,438 coming from various fines and penalties which are difficult to predict.

Expenditure

- 8. Total expenses are under budget by \$692,081 principally because the budget was approved in the month and operational units resumed orders after the 8 August 2012. With service time lags in delivering goods and services, it is hoped that there will be a catch up in September. The key variances are summarised as follows:
 - "Employment Costs" are well under budget by \$94,213 stemming from some vacant positions;
 - "Materials and Contracts" \$874,132 under budget again mainly project activities being deferred until the budget got approved;
 - Utilities were over by \$69,287 with approximately \$51,000 related to higher street lighting billing than forecasted. Finance will investigate to see if this was a one off event. Also, we are working with Synergy to view our bills online which will enable us to better analyse and action our behaviours to save costs where possible;
 - Insurance expense is slightly under by \$18,976 mainly coming from plant insurance being lower by \$18,764.
 - Other expenditure is lower than budget by \$15,150 mainly coming from projects being deferred until the budget was approved.
- 9. The interest expense is slightly higher than budget by \$3,183 which is within the Council's reporting threshold. The amounts paid are in accordance with the debenture schedule;
- 10. Depreciation, although a non-cash cost, is tracking above budget, \$49,493. This relates mainly in the building and infrastructure assets categories.

Non-Operating Grants

11. Non-Operating Grants are under budget by \$44,100. This component is made up of various infrastructure projects for which works are in progress and billing is yet to be done.

Profit on Asset Disposals

- 12. There were two properties disposed of in the month of August. These were:
 - Lot 905 and 907 of the Smokebush Estate, East Welshpool worth a total of \$511,000 before costs and GST.

Other disposals include three cars worth \$44,536 before costs and GST.

Statement of Comprehensive Income by Program for the Two Months to 31 August 2012

13. The overall results comments are as above and generally each Program is within accepted budget except for Community Amenities, and Recreation and Culture. These are principally due to timing differences.

Rate Setting Statement for the Two Months to 31 August 2012

- 14. This Statement compares the actual to date with the Annual Budget.
- 15. The results to 31 August 2012 reveal a surplus of \$29,757,076. This was mainly made up of:
 - Rates generation which includes rates, bin services and pool inspections charged at the beginning of the year.
 - There was deferred capital works of approximately \$1,114,567 due to the budget being approved in August.
 - Deferred operating projects to August.
- 16. The current balance is \$29,757,076 is above budget set at \$26,839,776 due to the deferment of mainly project based activities.

Investments as at 31 August 2012

17. A total of \$17.378 million is in term deposits or online saving accounts and includes the overdraft facility of which \$970,080. This represents a net increase of \$1.5 million in cash deposits which can be related to the rates and bins service charge monies starting to come through and the sale of two properties.

The above is made of:

- Municipal Funds \$3,703,308
- Reserve Funds \$3,189,448
- Trust Monies \$10,485,243 (includes amounts for Public Open Space of \$2,210,888)

Average interest rates on term deposits have dropped as indicated previously by an average of 50 basis points are now between 4.8% and 5.75% with renewals trending at 4.8 to 5%. Reserve Bank of Australia has not changed its cash rate which is at 3.5%.

All deposits met the Investment Policy requirements and are no longer than 120 days.

Statement of Financial Position as at 31 August 2012

- 18. Net Current Assets (Current Assets less Current Liabilities) is in positive territory by \$29.4 million mainly due to the rates generation which includes billings for Rates, Bin Services and Pool Inspection fees. The cash position is showing a reduction in depletion of \$440,934 with a balance of \$7.74 million.
- 19. Trade and other receivables comprise of rates and sundry debtors totalling \$29.81 million outstanding.
 - The rates balance has reduced by \$3.08 million to \$29.54 million which represents a collection rate of 9.4% to date. Considering that rates were only issued on 15 August, this is a commendable effort by the rates team.

- The Sundry debtors is showing \$269,031 outstanding. This is a reduction of \$753,000 from July and represents monies received on Grants outstanding for Chipping Drive and Healthy Communities project.
- 20. Fixed Assets have reduced by \$708,203 after depreciation mainly due to the delay in works with the budget not having being approved till August. It should also be noted that there are estimated carry forward projects worth \$486,196 going into 2012-2013.
- 21. Provisions currently stand at \$2.3 million but will change once the payroll officer has reconciled the records and the auditors have reviewed the calculations.
- 22. Long term borrowings are at \$8.15 million with the inclusion of two new loans last year:
 - Kalamunda Water Park at \$1.85 million.
 - Refuse Trucks at \$1.15 million. The purpose of this loan was reviewed in Budget 2012/2013 to fund the Swimming Pool project.
- 23. Close monitoring of costs will still be essential during August until the rates collections begin to ensure the Shire is fiscally responsible.

Progress Report

- 24. The Progress Report for the two months to August 2012 is shown as (Attachment 2).
- 25. The Key Performance Indicators are slightly under target overall. This is mostly occurring in the Statutory Compliance area which is always a difficult area to predict as it is demand driven and outside the influence of officers.
- 26. The Customer Service indicators are tracking under benchmark and this will need to be monitored and investigated if a downward trend continues to understand why this is occurring.

Major Projects

- 27. Most Major Projects are tracking within expected timelines and budgets. Some projects are yet to commence or have not been updated recently as follows:
 - 2.3.2.23 Oversee the Shire's building construction program, in accordance with the approved 2012/13 budget.
 - 2.3.2.41 Oversee works at Central Hall (KADS) replacement of roof, replacement of wall in Western direction and major structural refurbishment (IPM Project PR-5176/10).
 - 2.3.3.10 Oversee works at Carilla Camping Ground upgrade facility inclusive of improved disability access and provide a water connection to the Heritage Building and a shelter over the BBQ area (IPM Project PR-112/10).

- 5.3.3.3 Manage the construction of a new amenities building for the staff at the Shire's Operations Centre (IPM Project PR-5163/10).
- 28. Detailed progress on all the major Projects is outlined at pages 7-12 of the Monthly Management Progress Report (Attachment 2).

Budget Variance Report

29. Overall the budget against business unit activity is tracking well. Areas outside the required 5% or \$5000 acceptable variance range are:

Capital IncomeInfrastructure Operations-74.25%Reason - Grants not received to date-74.25%

Operating ExpenditureGovernance10.76%Reason - Slight over spend against salaries & superannuation

Human Resources and Organisational Development 540.75% Reason - This is a report mapping/interface issue which is currently being addressed. The General Ledger shows that the Year to Date (YTD) Operating Budget is \$181,136 and the YTD Actual is \$120,637. This is therefore an under budget by 33%.

Office of the Chief Executive 8.76% Reason - This is a report mapping/interface issue which is currently being addresses. The General ledger shows that the YTD Operating Budget is \$105,753 and the YTD Actual is \$107,975. This is therefore over budget by 2%.

Technology and Corporate Support34.60%Reason - Annual payment of License Fees are paid in a lump sum in July andAugust. This is a budget phasing issue that will be addressed.

Operating IncomeHuman Resources and Organisational Development-22.89%Office of the Chief Executive-72.80%

Reason – Revues and Grants in the Events area, reimbursement in the Functions area and the Office of CEO have not been realised causing the under recovery of revenue.

Community Development -14.50% Reason – Overall there is a general under receipt of fees and charges for various programs which is largely a seasonal issue and will be monitored.

Technology and Corporate Support -85.75% Reason – This is due to the seasonal fluctuation in the Facilities Bookings area. Winter is a quiet time for bookings and this is causing the under budget result.

STATUTORY AND LEGAL IMPLICATIONS

- 30. The *Local Government Act 1995* and the *Local Government (Financial Management) Regulations* require that we present a monthly financial activity statement.
- 31. A separate financial report for the month of July has not been produced. The July report would have been of no benefit because the budget was yet to be adopted and hence no comparatives could be made. As such this report combines the financial activity statement for the two months to 31 August 2012.

KPI	Period	Comments	Unit	Target	Actual	Indicator	
Projects - % of projects in IPM with budget performance on track	Monthly	CAMMS are looking at alternative methods of reporting on budget progress in IPM (integrated Project Manager). Currently it is not possible to budget at task level, so individual project budgets can not be monitored accurately.	95	98.00	100.00	SHEED	
Projects - % of projects in IPM with project progress on track	Monthly	The ability to link projects in IPM to interplan is currently not functioning correctly. This is being investigated and should be fixed soon. This KPI is therefore not accurate at this stage, and individual project comments in this report should be referred to for correct progress information.	95	98.00	100.00	SPEEN	
Statutory Compliance							
Building applications outstanding	Monthly	This number includes items that have been requested but the builder is having problems fulfilling their obligations. Result for July: 46; August: 58.	#	37.50	58.00	RED	
Building applications received	Monthly	Includes six from Pingelly & Brookton and also two applications for Certificates of Occupancy. Result for July: 153; August: 137.	#	140.00	137.00	VELLOU	
Building licences approved	Monthly	Reduced staff numbers (on leave) have increased processing time. Result for July: 179; August: 98.	#	145.00	98.00	RED	
Development applications determined within 20 days	Monthly	The delegation available to Officers means that the required amount of applications to be determined within 20 days is not always achievable. If applications require Council or WA Planning Commission determination the period goes well beyond 20 days. Result for July: 28; August: 40.	*	41.67	40.00	VELLOU	
Planning applications approved	Monthly	Due to changes in the property market the amount of applications received and approved changes periodically. Therefore the amount of applications approved will not always achieve the required amount per month. Result for July: 35; August: 50.	#	60.00	50.00	RED

12.0 QUESTIONS BY MEMBERS WITHOUT NOTICE

- 12.1 <u>Cr Geoff Stallard Potential Fruit Fly Problem</u>
- Q. I have received an email regarding the potential fruit fly problem; I wonder whether this Council should address this in some way?
- A. Director Development & Infrastructure advised that the Manager of Health and Rangers is currently seeking further information from the Agriculture Department, once received this can be circulated to all Councillors
- 12.2 Cr Allan Morton Time of York Street Community Forum
- Q. The time on the flyer distributed to Councillors tonight differs from that already given. What is the correct time for this Forum?
- A. Director Corporate & Community Services apologised for the confusion and confirmed the correct time for the Forum is 7.00pm.
- 12.3 Cr Bob Emery Shire of Kalamunda Policies
- Q. I have recently attended a WALGA Policy Training Session and it seems that this Shire is a long way behind with regard to Community Policies. What Community Policies have been reviewed recently and can the Councillors be assured that there will be a concerted effort to review policies and bring them up-to-date?
- A. Director Corporate & Community Services noted that the Purchasing Policy is currently under review and went to the Audit Committee today. Manager Governance stated that certain policies have to be reviewed within a certain

timeframe, but for the community type ones referred to by Cr Emery none have been properly reviewed in the last two years by Council. This issue will be kept under notice.

- 12.4 <u>Cr Dylan O'Connor Political Advertising</u>
- Q. I have received an email regarding political advertising on Shire and Private Land. Could we receive some advice as to when this is legal and when it needs to be removed?
- A. Manager Development Services noted that it is unclear as to how political signage should be dealt with. Legal advice is being sought to clarify the situation.
- 12.5 Cr Martyn Cresswell Political Advertising
- Q. Once this legal advice has been received could the information be given to Councillors so that they are clear as to where they may advertise for local elections?
- A. The Chairman requested that Councillors be informed once the legal advice has been received.

PURPOSE

1. Council to consider the provision of funding for the preparation of a Bush Fire Management Strategy (the Strategy) for the Shire of Kalamunda.

BACKGROUND

- 2. The threat of bush fires in the hills and foothills areas of the Perth Metropolitan Region is increasing with the passing of each summer. The WA Planning Commission (the Commission) is becoming increasingly concerned with threat and potential loss of life's and property. The 2009 Victorian bushfires with and the tragic loss of life is compelling evidence of the need to plan and mitigate for such events. More recently, the bush fires in Armadale and the subsequent Keelty Report made a number of recommendations in respect the need for improved fire mitigation measure and the need to legislate to give effect to bush fire protection guidelines.
- 3. Through the review of the draft Local Planning Strategy the Commission has sought advice as to when the Shire will be preparing a Strategy. From the Commission's perspective the preparation of the Strategy will assist in the preparation of the Sub Regional Structure Plan for the North East Metropolitan Region.

DETAILS

4. Council is requested to consider the provision of funding to allow for the preparation of the Strategy.

7. Nil.

FINANCIAL IMPLICATIONS

- 8. Preliminary estimates indicate that the cost of preparing the Strategy would be in the vicinity of between \$10,000 and \$40,000.
- 9. The Commission has advised that they would be prepared to fund 50% of the total cost required to prepare the Strategy.
- 10. It is proposed to allocate funding for the Strategy is to be allocated from the Chief Executive Officer's consultancy budget.
- 11. It should be noted that Council at its Budget deliberations approved a total of \$60,000 for (account 150710.541) for CEO consultancies for the year. Due to this consultancy not being foreseen at Budget time a full review of possible commitments from this account will be undertaken as part of the midyear Budget review.

STRATEGIC AND SUSTAINABILITY IMPLICATIONS

Strategic Planning Implications

12. The Shire of Kalamunda has not undertaken a specific Strategy for privately owned land to date. Based on other detailed assessments in other Hills local government areas such as Mundaring and Swan, it can be assumed that most of the Hills and Foothills areas of the Shire are a potential risk. The extent of the risk or otherwise has been recognised in the draft Local Planning Strategy with the requirement that a Strategy be prepared with particular emphasis on the proposed Residential Bushland zoning proposed for the foothills.

OFFICER COMMENT

- 16. The requirement for a Strategy is a key recommendation of the draft Local planning Strategy which has been endorsed by Council.
- 17. It is evident from discussions with senior planning staff at the Commission that until the Strategy is prepared the Sub Regional Structure Plan for the North East Region cannot be progressed. The Sub Regional Structure Plans will provide a more detailed analysis of the potential for urbanisation and the staging of future urban identified in the draft Local Planning Strategy, i.e. Maida Vale South, Wattle Grove and the area identified under the proposed Residential Bushland zone. The sub regional plans will provide the strategic framework necessary to progress the statutory rezoning process under the Metropolitan Region Scheme and the Shire's Local Planning Scheme.

Without the sub regional plans in place the Shire cannot implement key recommendations of the draft Local Planning Strategy.

18. Now the Commission has taken the initiative and is prepared to commence work on the Sub Regional Structure Plans it is imperative from a planning perspective that the opportunity for the Shire to work with the Commission to advance some of the key recommendations in the draft Local Planning Strategy is not lost. For

this reason it is recommendation that Council grant in principal support to provide the appropriate level of funding necessary to prepare the Bush Fire Management strategy.

Voting Requirements: Simple Majority

RESOLVED OCM 113/2012

That Council:

- 1. Support in principal the provision of funding from the Chief Executive Officers Consultants budget to engage a suitable qualified consultant to prepare a Bush Fire Management Strategy.
- 2. Advise the WA Planning Commission that Shire of Kalamunda will fund 50% of the total cost to prepare the Bush Fire Management strategy with the balance of the funds to be provided by the WA Planning Commission.
