CITY OF KALAMUNDA
FOR THE YEAR ENDED 30 JUNE 2027
INDEX OF NOTES TO THE BUDGET

Note 1	Basis of Preparation	5
Note 2	Rates and Service Charges	6
Note 3	Net Current Assets	10
Note 4	Reconciliation of cash	12
Note 5	Property, Plant and Equipment	13
Note 6	Depreciation	14
Note 7	Lease Liabilities	15
Note 8	Borrowings	16
Note 9	Reserve Accounts	18
Note 10	Other Information	20
Note 11	Council Members Remuneration	21
Note 12	Trust Funds	22
Note 13	Revenue and Expenditure	23
Note 14	Program Information	25
Note 15	Fees and Charges	26

1 BASIS OF PREPARATION

The annual budget of the City of Kalamunda which is a Class 2 local government is a forward looking document and has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the annual budget be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from *AASB 16 Leases* which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the annual budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 12 to the annual budget.

2025/26 actual balances

Balances shown in this budget as 2025/26 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

Statement of Cashflows

Investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows. Such transactions shall be disclosed elsewhere in the financial statements in a way that provides all the relevant information about these investing and financing activities.

Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- *AASB 2026-1 Amendments to Australian Accounting Standards – Disclosures about Uncertainties in the Financial Statements*
- *AASB 2024-2 Amendments to Australian Accounting Standards – Classification and Measurement of Financial Instruments*
- *AASB 2024-3 Amendments to Australian Accounting Standards – Standards – Annual Improvements Volume 11*
- *AASB 2025-1 Amendments to Australian Accounting Standards – Contracts Referencing Nature-dependent Electricity*

It is not expected these standards will have an impact on the annual budget on initial application.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- *AASB 2014-10 Amendments to Australian Accounting Standards – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- *AASB 2024-4b Amendments to Australian Accounting Standards – Effective Date of Amendments to AASB 10 and AASB 128 [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]*

It is not expected these standards will have an impact on the annual budget on initial application.

- *AASB 18 Presentation and Disclosure in Financial Statements*
- *AASB 18 (NFP/super) Presentation and Disclosure in Financial Statements – (Appendix D) [for not-for-profit and superannuation entities]*

These accounting standards will materially change the presentation of the annual financial report and annual budget

Critical accounting estimates and judgements

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The annual budget is a forward-looking statement and is comprised of management estimates. As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the annual budget.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
 - Expected credit losses on financial assets
 - Assets held for sale
 - Impairment losses of non-financial assets
 - Measurement of employee benefits
 - Measurement of provisions

Late payment of rate or service charge interest							411,835	318,526	350,000
							807,487	680,376	705,000

The City did not raise specified area rates for the year ended 30th June 2027.

*Rateable Value at time of adopting budget.

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2026/27 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum payments have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

CITY OF KALAMUNDA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

2. RATES AND SERVICE CHARGES (CONTINUED)

(b) Interest Charges and Instalments - Rates and Service Charges

The following instalment options are available to ratepayers for the payment of rates and service charges.

Option 1 (Full Payment)

Full amount of rates and charges, including arrears, to be paid on or before 19 August 2026 or 35 days after the date of issue appearing on the rate notice, whichever is later.

Option 2 (Two Instalments)

First Instalment to be paid on or before 19 August 2026 or 35 days after the date of issue appearing on the rate notice, whichever is later, including all arrears; and

Second Instalment to be paid on or before 23 December 2026, or 2 months after the due date of the first instalment, whichever is later.

Option 3 (Four Instalments)

First Instalment to be paid on or before 19 August 2026 or 35 days after the date of issue appearing on the rate notice, whichever is later, including all arrears; and

Second Instalment to be paid on or before 21 October 2026, or 2 months after the due date of the first instalment, whichever is later.

Third Instalment to be paid on or before 23 December 2026, or 2 months after the due date of the second instalment, whichever is later.

Fourth Instalment to be paid on or before 24 February 2027, or 2 months after the due date of the third instalment, whichever is later.

Instalment options	Date due	Instalment plan admin charge	Instalment plan interest rate	Unpaid rates interest rates
		\$	%	%
Option one				
Single full payment	19/08/2026	0	5.5%	11.0%
Option two				
First instalment	19/08/2026	0	5.5%	11.0%
Second instalment	23/12/2026	10	5.5%	11.0%
Option three				
First instalment	19/08/2026	0	5.5%	11.0%
Second instalment	21/10/2026	10	5.5%	11.0%
Third instalment	23/12/2026	10	5.5%	11.0%
Fourth instalment	24/02/2027	10	5.5%	11.0%

(c) Objectives and Reasons for Differential Rating

The overall objective of the Rates and Charges in the 2026/2027 budget is to provide for the shortfall in income required to enable the City of Kalamunda to provide the necessary works and services in the 2026/2027 Financial Year after considering all non-rate sources of income.

To provide equity in the rating of properties across the City the following rate categories have been determined for the implementation of differential rating.

Differential general rate

Differential rates are split into two distinct groupings based on the methods used by the Valuer Generals Office to determine the value provided to the City. These two groupings are Gross Rental Value (GRV) which is used on urban properties and Unimproved Value (UV) which is predominantly used on rural properties. More information on the different valuation methods can be found on the Valuer Generals website at www.landgate.wa.gov.au

GRV Differential Rates:

The valuations provided to the City for GRV properties are reviewed on a Triennial basis by Landgate. GRV values are reflective of the estimated rental yield per year of the property. Further information about the exact method of calculation and any objections to valuations will need to be directed to the Valuer Generals Office at Landgate.

UV Differential Rates:

The valuations provided to the City for UV properties are reviewed on an annual basis by Landgate. UV Values are reflective of the estimated market value of the land assuming no improvements have been made (Houses, Sheds, Fencing etc) as determined by the Valuer General. Further information about the exact method of calculation and any objections to valuations will need to be directed to the Valuer Generals Office at Landgate.

Description	Characteristics	Objects	Reasons
GRV General	The GRV General rate applies to all GRV-valued properties in the City with predominant land use that does not fall within the categories of Commercial, Industrial or Vacant Land.	The object of this rate is to apply a base differential general rate to land zoned and used for purposes other than Commercial, Industrial or Vacant Land and to act as the City's benchmark differential rate by which all other GRV-rated properties are assessed.	The reason for this rate is to ensure that all ratepayers make a reasonable contribution towards the ongoing maintenance and provision of works, services and facilities throughout the City. It is also lower than vacant land as the City is endeavouring to encourage landowners to develop vacant land.

CITY OF KALAMUNDA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

2. RATES AND SERVICE CHARGES (CONTINUED)

GRV Industrial / Commercial	The Industrial and Commercial GRV rate is levied on GRV-valued properties where the predominant use of the land is for either Industrial or Commercial purposes.	The object of this rate category is to apply a higher differential rate to raise additional revenue to offset the increased costs associated with service provision to these properties.	The reason for this rate is that a higher differential rate is required to meet the higher level of service costs associated with Commercial and Industrial properties and the localities within which they are situated. This would typically include costs associated with increased maintenance and renewal of assets and infrastructure required.
GRV Vacant	The GRV Vacant rate is levied on all GRV-valued land in the City where the property is considered vacant land.	The object of this rate is to promote the development of vacant land within the City's district.	The reason for this rate is to impose a higher differential rate on vacant land that acts as a disincentive to persons who are land banking and not actively developing vacant land.
UV General	The UV General rate applies to all UV valued properties in the City with a predominant land use that does not fall within the categories of Commercial or Industrial.	The object of this rate category is to impose a differential rate commensurate with the use of land and is the base rate by which all other UV-rated properties are assessed.	The reason for this rate is to ensure that all ratepayers on Unimproved Properties make a reasonable contribution towards the ongoing maintenance and provision of works, services and facilities throughout the City.
UV Commercial	The UV Commercial rate is levied on UV-valued properties where the predominant use of the land is for either Industrial or Commercial purposes.	The object of this rate category is to raise additional revenue to offset the costs involved in servicing properties within this rate category, which include but are not limited to major outlays for transport infrastructure maintenance and renewal/refurbishment and significant related costs of land use and environmental impacts.	The reason for this differential rate is to ensure that all ratepayers in this category make an equitable contribution to the City's revenue.

(d) Differential Minimum Payment

Description	Characteristics	Objects	Reasons
GRV General & UV General	The Minimum applied to these categories is in recognition that every property within the City receives some minimum level of benefit from services provided. These categories affect all properties not used as Vacant Land or for Industrial or Commercial purposes.	The object of this rate is to raise a fair value minimum charge against each property in the City to ensure equity between all ratepayers.	The GRV & UV General minimum is reflective of the basic level of service that all (predominantly) residential properties receive.
GRV Vacant	The Minimum applied to this category is in recognition that every property within the City receives some minimum level of benefit from services provided. This category affects all properties identified as Vacant Land.	The object of this rate is to raise a fair value minimum charge against each property in the City to ensure equity between all ratepayers.	The GRV Vacant Land minimum is the lowest in the City. This reflects the reduced level of service/impact that these properties have on the City's resources.
GRV Ind/Com & UV Com	The Minimum applied to this category is in recognition that every property within the City receives some minimum level of benefit from services provided. These categories affect all properties used for Industrial or Commercial purposes.	The object of this rate is to raise a fair value minimum charge against each property in the City to ensure equity between all ratepayers.	The GRV Industrial/Commercial & UV Commercial minimum rates are the highest in the City. This recognises that Industrial and Commercial properties have a greater impact on the infrastructure and environment within the City in comparison to properties that fall within the General or Vacant categories.

(b) Current assets and liabilities excluded from budgeted deficiency

The following current assets and liabilities have been excluded from the net current assets used in the Statement of Financial Activity in accordance with *Financial Management Regulation 32* to agree to the surplus/(deficit) after imposition of general rates.

Adjustments to net current assets

Less: Reserve accounts
Less: Current assets not expected to be received at end of year
- Inventory - land held for resale
Add: Current liabilities not expected to be cleared at end of year
- Current portion of borrowings
- Current portion of lease liabilities
- Forrestfield Industrial Area Scheme Stage 1 (ii)
Add: Current liabilities covered by funds held in reserve account
- Current portion of unspent capital grant/contributions
- Current portion of other provisions

Total adjustments to net current assets

EXPLANATION OF DIFFERENCE IN SURPLUS/(DEFICIT)

Items excluded from calculation of budgeted deficiency

When calculating the budget deficiency for the purpose of Section 6.2 (2)(c) of the *Local Government Act 1995* the following amounts have been excluded as provided by *Local Government (Financial Management) Regulation 32* which will not fund the budgeted expenditure.

(c) Amounts excluded from operating activities

Less: Profit on asset disposals
Less: Non-cash grants and contributions for assets
Add: Loss on asset disposals
Add: Depreciation
Movement in current liabilities associated funds held in reserve account:
- Current portion of contract liabilities
Non-cash movements in non-current assets and liabilities:
- Pensioner deferred rates
- Employee benefit provisions

Non cash amounts excluded from operating activities

3. NET CURRENT ASSETS (CONTINUED)

(d) MATERIAL ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises revenue for the prepaid rates that have not been refunded.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

INVENTORY - LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Inventory - land held for resale is classified as current except where it is held as non-current based on the City's intentions to release for sale.

SUPERANNUATION

The City contributes to a number of superannuation funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CONTRACT LIABILITIES

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

PROVISIONS

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

EMPLOYEE BENEFITS

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position.

The City's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

FOR THE YEAR ENDED 30 JUNE 2027

4. RECONCILIATION OF CASH

(a) Reconciliation of cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	Note	2026/27 Budget	2025/26 Estimate	2025/26 Budget
Cash and cash equivalents		\$ 52,219,395	\$ 61,485,358	\$ 22,129,991
Restrictions				
The following classes of financial assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:				
Cash and cash equivalents		36,546,528	43,839,169	12,751,080
Restricted financial assets at amortised cost - term deposits		17,000,000	15,000,000	41,500,000
		53,546,528	58,839,169	54,251,080
The restricted financial assets are a result of the following specific purposes to which the assets may be used:				
Reserve accounts	9	53,546,528	58,839,169	54,251,080
Contract liabilities		0	0	0
Total restricted financial assets		53,546,528	58,839,169	54,251,080

(b) Reconciliation of net cash provided by operating activities

Net result		13,498,264	6,448,403	15,551,279
Non-cash items:				
Depreciation	6	19,384,390	19,182,747	17,554,807
(Profit)/loss on sale of assets	5	150,000	(1,686,164)	(1,690,000)
Changes in assets and liabilities:				
(Increase)/decrease in receivables		(100,000)	1,252,073	(170,000)
(Increase)/decrease in inventories		(5,000)	3,447,121	(80,000)
Decrease in other assets		0	226,238	225,993
(Increase)/decrease in trade and other payables		0	(1,073,207)	750,200
(Increase)/decrease in employee related provisions		78,000	(214,185)	170,000
Decrease in other provisions		0	6,315	0
Capital grants, subsidies and contributions		(26,021,714)	(16,011,486)	(26,403,186)
Net cash provided by operating activities		6,983,940	11,577,855	5,909,093

MATERIAL ACCOUNTING POLICES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

FINANCIAL ASSETS AT AMORTISED COST

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

MATERIAL ACCOUNTING POLICIES

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

19,384,390	19,182,747	17,554,807

MATERIAL ACCOUNTING POLICIES

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Infrastructure

Category	Component	Material	Useful Life (Years)
Roads	Surface	Cement	50
		Brick Paving	50
		Asphalt	25
		Single Seal	20
	Pavement Base	Laterite	60
		Rockbase	60
Footpaths		Concrete	50
		Brick Paving	50
		Gravel	50
		Asphalt	25
	Pavement Subbase	Timber	15
		Limestone	120
Drainage Pipes	Stormwater	Concrete	80
	Subsoil	PVC	60
Drainage Pits	Stormwater	Concrete	80
	Weirs	Stone mortared	100
Parks and Gardens	Including Playground Equipment		10 to 80

AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

	Useful Life (Years)
Furniture and equipment	5 to 10
Plant and equipment	5 to 20

Building

MATERIAL ACCOUNTING POLICIES

LEASES

At the inception of a contract, the City assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

CITY OF KALAMUNDA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

8. BORROWINGS

(a) Borrowing repayments

Movement in borrowings and interest between the beginning and the end of the current financial year.

Total amount of credit unused	574,000	574,000	574,000
Loan facilities			
Loan facilities in use at balance date	6,965,004	5,850,338	8,875,780

MATERIAL ACCOUNTING POLICIES

BORROWING COSTS

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Borrowings fair values are based on discounted cash flows using a current borrowing rate.

9. RESERVE ACCOUNTS

(b) Reserve Accounts - Purposes

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Reserve name	Anticipated date of use	Purpose of the reserve
Restricted by legislation		
(a) Waste Avoidance and Resource Recovery Reserve	Ongoing	Any surplus raised in the year for the purpose of managing the contaminated sites will be placed in the reserve for utilisation in future years.
(b) Forrestfield Industrial Scheme Stage 1 Reserve	Ongoing	The reserve is established to meet the City's reporting obligation under clause 6.5.16 of the City of Kalamunda Local Planning Scheme No. 3.
(c) Forrestfield Industrial Area Reserve	Ongoing	To fund infrastructure requirements for the Forrestfield area.
(d) Public Open Space Funds Reserve - High Wycombe	Ongoing	To hold money received for the development and maintenance of Public Open Spaces as required by section 154 of the Planning and Development Act 2005
(e) Public Open Space Funds Reserve - Maida vale	Ongoing	To hold money received for the development and maintenance of Public Open Spaces as required by section 154 of the Planning and Development Act 2005
(f) Public Open Space Funds Reserve - Kalamunda	Ongoing	To hold money received for the development and maintenance of Public Open Spaces as required by section 154 of the Planning and Development Act 2005
(g) Public Open Space Funds Reserve - Forrestfield	Ongoing	To hold money received for the development and maintenance of Public Open Spaces as required by section 154 of the Planning and Development Act 2005
(h) Public Open Space Funds Reserve - Walliston	Ongoing	To hold money received for the development and maintenance of Public Open Spaces as required by section 154 of the Planning and Development Act 2005
Restricted by council		
(i) Waste Management Reserve	Ongoing	To fund financing operations for the development of the City's sanitation service

CITY OF KALAMUNDA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

13. REVENUE AND EXPENDITURE

(a) Revenue and Expenditure Classification

REVENUES

RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered.

Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

GRANTS, SUBSIDIES AND CONTRIBUTIONS

All amounts received as grants, subsidies and contributions that are not capital grants.

CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

FEES AND CHARGES

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

SERVICE CHARGES

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water.

Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

INTEREST REVENUE

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

OTHER REVENUE

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

PROFIT ON ASSET DISPOSAL

Gain on the disposal of assets including gains on the disposal of long-term investments.

EXPENSES

EMPLOYEE COSTS

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note: *AASB 119 Employee Benefits* provides a definition of employee benefits which should be considered.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

UTILITIES (GAS, ELECTRICITY, WATER)

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation and amortisation expenses raised on all classes of assets.

FINANCE COSTS

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

CITY OF KALAMUNDA
NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

13. REVENUE AND EXPENDITURE (CONTINUED)

(b) Revenue Recognition

Recognition of revenue from contracts with customers is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of Revenue recognition
Grant contracts with customers	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	On payment and issue of the licence, registration or approval
Waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Airport landing charges	Permission to use facilities and runway	Single point in time	Monthly in arrears	None	On landing/departure event
Fees and charges for other goods and services	Cemetery services, library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Output method based on provision of service or completion of works
Sale of stock	Aviation fuel, kiosk and visitor centre stock	Single point in time	In full in advance, on 15 day credit	Refund for faulty goods	Output method based on goods

NOTES TO AND FORMING PART OF THE BUDGET
FOR THE YEAR ENDED 30 JUNE 2027

14. PROGRAM INFORMATION

Key Terms and Definitions - Reporting Programs

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the City's Community Vision, and for each of its broad activities/programs.

OBJECTIVE

ACTIVITIES

Governance

To provide a decision making process for the efficient allocation of scarce resources.

Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

General purpose funding

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

Law, order, public safety

To provide services to help ensure a safer and environmentally conscious community.

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

Health

To provide an operational framework for environmental and community health.

Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.

Education and welfare

To provide services to disadvantaged persons, the elderly, children and youth.

Provision and maintenance of senior citizen and disability services, youth services and other voluntary services.

Community amenities

To provide services required by the community.

Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes and public conveniences.

Recreation and culture

To establish and effectively manage infrastructure and resources which will help the social well being of the community.

Maintenance of public halls, civic centres, aquatic centre, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.

Transport

To provide safe, effective and efficient transport services to the community.

Construction and maintenance of roads, footpaths, bridges, lighting and cleaning of streets.

Economic services

To help promote the City and its economic wellbeing.

Tourism and area promotion, rural services and building control.

Other property and services

To monitor and control council's overheads operating accounts.

Private works operation, plant repair and operation costs and engineering operation costs.

Rules Applying to the Schedule of Charges for Community Facilities 2026/2027

Rules Applying to the Schedule of Charges For Community Facilities 2026/2027

INTERNAL USE ONLY – NOT FOR PUBLIC DISTRIBUTION

This document provides clear operational direction for City of Kalamunda staff when assessing facility hire requests, applying categories, determining rates, managing fee considerations, and resolving booking conflicts. It is intended to support consistent decision-making and fair, equitable access to City facilities.

Rule Objectives

The rules aim to:

- Ensure community facilities are used in ways that deliver positive outcomes for the local community.
 - Provide clear categories of use to support consistent pricing, prioritisation and decision-making.
 - Balance community access with appropriate commercial activation.
 - Protect the City's assets through responsible and sustainable use.
-

Scope

These Rules apply to all casual, annual, seasonal and function hire of City of Kalamunda community facilities, excluding facilities that

- are leased
 - operate under shared use agreements
 - are otherwise exempt by Council resolution.
-

Principles of Facility Use

Maximising Usage and Activation

- The City seeks to maximise appropriate, community-beneficial use.
- Existing bookings may be reviewed or adjusted to improve utilisation, diversity of use, or activation.

Prioritising Local Community

- Priority access is given to local residents, community groups, and activities benefiting the City.
- Council-adopted plans and strategies will be considered when prioritising access.

Promoting Diversity of Use

- The City encourages a broad range of activities across its facilities to meet community needs.
- All bookings are assessed based on the purpose and nature of the activity, not on organisation type or self-described status.

Affordability and Equity

- Fees and charges reflect the user type, level of service, and facility type.
 - Any approved variations to fees are applied only where formally endorsed through Council or delegated authority, as detailed in the Schedule of Fees and Charges.
-

Categories of Facility Use

Key rule for staff:

Categories are assigned based on the primary purpose of the activity—not on organisation type or user preference.

The following categories are used to determine eligibility, priority and applicable hire rates.

1. Arts & Culture (Community / Commercial Rate)

Covers:

- Ongoing or regular creative classes and workshops (art, music, dance, drama, cultural activities)
- Art exhibitions, artist talks, book readings, and small cultural festivals
- Creative clubs and hobby groups

Notes:

- This category applies to both community-led and commercially operated activities.
 - Rates are determined by the nature of the activity (profit-generating or not), not by the organisation type or how the group describes itself.
 - Regular classes and programs should not be treated as “events”—this distinction ensures consistent eligibility, priority, and pricing.
-

2. Business & Events (Commercial Rate)

Covers:

- Commercial meetings, conferences and seminars
- Trade shows, markets and business expos
- Networking events, corporate launches and product demonstrations
- Private corporate celebrations

Notes:

This category applies to profit-driven or commercial activities, including markets and corporate hires.

3. Community Support (Exempt / Concession)

Covers:

- Charities, welfare and social service programs
- Community support groups and outreach programs
- Volunteer meetings and fundraising events
- Support services such as counselling, community kitchens or health advocacy

Notes:

Activities must be non-profit and focused and deliver direct social or community support.

4. Local Schools, Seniors & Playgroups (50% Community Rate)

Covers:

- Local school activities and programs
- Seniors' groups and activities
- Playgroups and early learning programs
- For clarity on 'School Usage', and to the extent of any inconsistency between this Document and any "Shared Use Agreement" between the City and the School, the terms within the 'Shared Use Agreement' shall prevail. This item is only applicable to "Local Schools" within the City.

Notes:

Discounted rates apply subject to eligibility and availability.

5. Recreation & Fitness (Community / Commercial Rate)

Covers:

- Sports, fitness, dance, yoga and exercise classes
- Community recreation activities
- Wellness workshops, Pilates, meditation and health programs
- Sporting Clubs, or hobby fitness groups

Notes:

Community rates apply only where the group is locally based or primarily serves the local community.

6. Faith-Based (Community Rate / Function Rate)

Covers:

- Religious services, ceremonies, festivals and celebrations
- Faith-based community groups and study sessions
- Meetings of spiritual or religious organisations

Notes:

Where a faith-based group conducts a purely commercial or ticketed event for profit, Function or Commercial Rates may apply.

7. Function Rate

Applied to:

- One-off celebratory or formal events (weddings, engagements, milestone parties, single-day community or commercial functions).
-

Hire Fees and Requests for Consideration

All users of City facilities are charged the applicable hire rate as set out in the City's Schedule of Fees and Charges.

Requests for a variation to the prescribed hire rates must be submitted in writing to the City for consideration and will be assessed on a case-by-case basis in accordance with Council policy. Approval is not guaranteed.

Important:

- Variations to hire rates are not automatic and eligibility must align with both the purpose of the booking and the nature of use.
- Hire rates are determined by the type of use, not the organisation type or user preference.
- If the purpose or nature of a booking changes, the applicable hire rate will be reassessed and adjusted accordingly.
- The applicable hire rate is determined by the purpose of the booking. Requests for a variation to that rate are considered separately and are not automatic

Notes:

- Hire rates are fixed per facility and applied on an hourly basis.
 - The applicable rate is determined by the purpose of the booking, not the organisation type or user preference.
-

Council-Approved Fee Arrangements

The following organisations may be eligible for exempt facility use, subject to Council approval and availability. Exemptions apply only to the listed organisations and activities and are not automatic for other users.

Organisation	Facility	Booking Frequency
Advisory/Management Committees*	Various Venues	Routine Meetings
Agricultural Society	Agricultural Hall and Kosteria Oval	Annual Show
Blood Donor Clinics	Various Venues	As required
Carers of people with disability	Various Venues	Admitted free of charge upon presentation of a Companion Card
Hairdresser	Jack Healey Centre	Daily Facility Use
Kalamunda Fire and Rescue	Various Venues	As required
Kalamunda State Emergency Services	Various Venues	As required
Kalamunda Volunteer Bushfire Rescue	Various Venues	As required
Local Schools	Reserves	During school hours – Subject to availability and durability
Podiatrist (Catherine Bradock)	Jack Healey Centre and Woodlupine Community Centre	Daily Facility Use
Progress/Residents' Associations	Various Venues	Monthly Meetings
RSL	Agricultural Hall	ANZAC Day Service
Seniors Coffee Lounge	Woodlupine Community Centre	Tuesday to Friday

Notes:

Sub-committees of advisory or management committees are not automatically eligible for exempt use.

Recognised elector or resident groups may access exempt use of City facilities for ordinary meetings, excluding the City Administration Building.

The City maintains agreements with local organisations through Memorandums of Understanding (MOUs) and contractual arrangements. These agreements provide fee waivers for the use of various City venues, in accordance with the terms outlined in each agreement.

Use of City Facilities - Priority of Use

The City does not offer exclusive use of its facilities to any individual or group. From time to time, the City may permit shared or additional use of a facility by other community groups, individuals, or the City itself. Where this occurs, affected hirers will be provided with reasonable notice and, where practicable, an alternative facility will be offered.

Permanent users are defined as groups or organisations with a regular, ongoing booking at a City facility, including daily, weekly, fortnightly, monthly, or bi-monthly bookings.

Permanent users are given priority for their approved regular timeslots and will not be relocated or have sessions cancelled to accommodate private functions or casual bookings. The exceptions to this rule are in the case of the following:

- City-run or one-off major community events or activities
- Kalamunda Agricultural Show
(*Kalamunda Agricultural Hall*)
- ANZAC Day use of Kalamunda Agricultural Hall
- Where prior agreement has been obtained from the permanent user
- In all other instances for a permanent user to be relocated from their regular time slot, prior approval must first be obtained from the City.

Hire Types & Rates
• Annual Hire: More than 12 sessions per financial year.
• Commercial / Private Use Rate applies to individuals, businesses, or organisations that do not qualify for the Community Group Rate.
• Community Group Rate applies to incorporated, not-for-profit organisations whose activities are undertaken for community benefit and where any fees charged are solely to recover operating costs. The group must be based within the City of Kalamunda or primarily delivering services that benefit the local community
• Casual Hire: Up to 12 sessions per financial year.
• Seasonal Hire: Recognised sporting season bookings, excluding pre- or post-season competitions.
• Function Rate: Applied to one-off community or commercial functions (e.g., parties, conferences, workshops) where regular classes do not apply. Rates are determined based on activity type, duration, and profit-generating status.
• Approved Rate Variations: Applied only where formally endorsed through Council or delegated authority.

Annual community events should be actively supported where possible. These bookings may be charged at the Community Group Rate where eligibility criteria are met, while still respecting permanent user priorities and major City events. Local community groups may hold annual events at the Community Group Rate where applicable. Examples include:

- Arts and craft exhibitions
- Community Festivals
- Local Trade/Industry Award Events
- Fundraising concerts

Every effort will be made to accommodate these events while respecting permanent user priorities or within priority rules.

- **Facilities:** City-owned or managed community buildings, halls, hubs, parks, and reserves available for hire.

Staff Key Rule: Assign hire type and rate based on the primary purpose and nature of the activity, not on organisation type or user preference

Retainer Fee

- Bookings must be continuous; unused gaps are not permitted.
- If equipment is set up, the facility is considered "in use."
- Overnight setups incur charges until 10:00 pm and restart from 8:00 am.

Cancellation Fees

- Cancellations made within 14 days of the booking will incur a fee of 50% of the hire charge.
- Applies to all facility bookings unless otherwise stated in the Facilities Booking Form terms and conditions.

Payments

- Casual bookings must be paid at the time of booking unless otherwise approved.

Bonds and payments must be held for the full booking duration.

This applies to all facility bookings unless otherwise stated in the Facilities Booking Form terms and conditions.

Review

These rules will be reviewed every year or as required by Council.

This document is intended to align with the City of Kalamunda Schedule of Fees and Charges and supporting procedures.
