About Carer's Week

Carers week is a special time to recognise, celebrate and raise awareness about the 3 million Australians who provide unpaid care and support to a family member or friend. Carers week shines a light on the resilience and dedication of our Australian carers, as well as the profound impact their efforts have on our communities.

If you are an unpaid carer in the City of Kalamunda your commitment, love and selflessness do not go unnoticed. Your contributions are invaluable, and we are all grateful for the sacrifices you make every day.
